# GREAT COAL STRIKE NOW APPEARS INEVITABLE

## WASHINGTON PREPARES TO GRAPPLE WITH THE COAL STRIKE PROBLEM

Over 350,000 Bituminous Miners Affected by Strike Order Effective Saturday; American Government Adopts Drastic Steps to Meet Situation

Washington, Oct. 30.—Federal Government agencies moved swiftly to-day to meet the situation which will result from the strike of bituminous coal miners Saturday.

Developments included: orders to railroads to confiscate all coal in transit if necessary to build up a reserve for operation of the railroads.

Re-establishment of the priorities list of the fuel administration so that the railroads, public service utilities and essential industries will have first call on whatever coal is mined and on that in storage.

Preparation of an executive order establishing maximum prices for coal and completion of plans by the department of justice to punish those guilty of profiteering and hoarding.

Announcement by Secretary Lane that the Government would not hesitate to curtail consumption of coal in industries fifty per cent. so that essential industries might be kept in operation.

General discussion of the situation by President Wilson's Cabinet which met in special session at the call of Secretary Lansing.

Working out of plans by which miners who wish to continue work will be afforded every possible protection, including that of Federal troops should that become necessary.

At the conclusion of the special Cabinet meeting Attorney-General Palmer announced that the Fuel Administrator would take control of the handling of the coal and would use its authority under the Lever Act to take whatever steps might be necessary to meet the situation.

Complete Tie Up.  
Indianapolis, Ind., Oct. 30.—Backed by sentiment displayed in yesterday's conference of officials of the United Mine Workers of America, met here today to finish preparations for the coming strike of bituminous coal miners. No development could avert a strike, it was stated, but some change in the attitude of the operators might result in the shortening of the struggle, according to union men. More than 350,000 bituminous miners will be affected by the strike order and an immediate and complete tie up of the soft coal industry is predicted by the union leaders.

In Illinois.  
Springfield, Ill., Oct. 30.—Mining of soft coal at the rate of approximately 85,000,000 tons a year will cease in Illinois, and 30,000 miners will be idle when the miners' strike order becomes effective at midnight to-morrow, according to figures furnished here to-day at miners' state headquarters and at the Illinois Department of Mines and Minerals.  
(Concluded on page 4.)

## EXTREMISTS SEEK TO FORCE STRIKE

French Laborites Opposed to Leon Jouhaux Visit to Washington

Paris, Oct. 30.—The absence from Paris of Leon Jouhaux, President of the General Federation of Labor, who is on his way to the United States to attend the International Labor Conference at Washington, has caused the extremists in the Federation of Labor to make an attempt to organize a general strike or November 7.

Circulars are now being sent to unions throughout France asking the opinion of the local committees as to the advisability of the organization of a general strike in Russia and invoking a commission to examine the proposition.

Keen opposition to M. Jouhaux and the other four delegates to the Washington conference developed before the mission's departure. The extremists opposed the trip, claiming French labor should not collaborate with certain classes attending the conference, which they consider harmful to the French workingmen's interests.

## SILVER AT NEW RECORD IN LONDON

London, Oct. 30.—Owing to the persistent demands from China and the shortage of supplies spot price of silver reached 66½ pence per ounce here yesterday, a new record. As this is above the price at which it pays to melt down silver coins, much interest is taken in the steps the Government may take to meet the situation.

## HEADQUARTERS TO STAY HERE

General Mewburn Announces no Transfer Is to Be Made

Headquarters for Military District No. 11, taking in the whole of British Columbia and the Yukon, are to remain at Victoria, in spite of rumors to the contrary, Major-General Mewburn, Minister of Militia and Defence, announced to-day.

The question of moving the headquarters from Victoria, where they have been since the eighties, because of the location here of the Imperial forces, was brought up during the war and since then the Minister has been the target of arguments from Vancouver to show why Victoria was not the best place and arguments from Victoria to show why no change should be made and why the Island location is preferable to the Mainland.

"The announcement that the headquarters will remain in Victoria means that the domiciliary of a large number of persons attached to the headquarters staff will remain in Victoria."

"There is no reason for making a change now, although, of course, the whole question is linked up with that of Imperial defence and the reorganization of the military forces of Canada, and to that extent must be considered along with them," said the General.

General Mewburn explained that this reorganization which has to do with the perpetuation of individual units and the grouping and locating of them, is under the investigation of the committee of four generals, who were here last week, and the Military Council of which General Sir Arthur Currie, Inspector-General of the Canadian forces, is the military head.

"Because of the moral stimulus this committee and council are aiming to perpetuate the military organizations that existed before the war and which formed the nucleus of the Canadian army and stimulated local pride and interest in enlistment," he said.

"Some of these units have been in existence for fifty-five years and during the war some of them recruited and sent overseas as many as four battalions."

"At the same time we have to consider along with these, the units that fought in France and the perpetuation of their traditions which will prove to be a stimulus to future military activity in the various parts of Canada."

The Hon. R. F. Tolmie, Minister of Agriculture, interviewed General Mewburn at the Empress Hotel to-day, to make sure that the headquarters would not be transferred, just after the General made the announcement to The Times, and was informed by the General that it had been decided that no change would be made.

## NANAIMO PUBLISHER DEAD.

Nanaimo, Oct. 30.—George E. Norris, for many years publisher of the Free Press here, and well known throughout the Province, died this morning from heart and kidney trouble.

## BRITISH DETERMINED TO STOP RAIDS INTO INDIA

Simla, Oct. 30.—Owing to the hostility of the Waziri-Mahsuds during and since the Afghanistan trouble it has become necessary to adopt measures to prevent continual attacks on British posts and convoys and raids into British territory.

Representatives of these tribes are being summoned to hear the British terms. In the event of their non-compliance they will be given time to remove women and children and will then be subjected to a period of intense aerial battle, which will be followed by other punitive measures against sections of the tribes implicated in the recent outrages.

Six infantry brigades, as well as cavalry and artillery, commanded by Major-General Climo are being employed.

## Would Strike in Ireland to Get James Larkin Back

London, Oct. 30.—The Dublin trade union congress summoned by the Dublin Trades Council, will be held Tuesday next to decide on the general stoppage of work throughout Ireland for one day or more as a protest against the action of the Government in withholding passports from James Larkin for his return from America.

## Exchanges Between Italy and States Regarding Fiume

Paris, Oct. 30.—Notification has been given the Peace Conference by a representative of Italy here, that the proposal made by Foreign Minister Tittoni for the settlement of the Fiume problem had not been accepted by the United States.

It is declared by authoritative Italian sources, however, that although the reply of Secretary of State Lansing was unfavorable, as a whole a considerable portion of the Tittoni proposal was accepted and that the exchanges with the United States on the subject would be continued. As the settlement of the Fiume problem is a subject of great importance to Italy, Italy's position will be definitely announced.

## SUPREME COUNCIL WILL ARRANGE WHEN TREATY WILL GO INTO EFFECT

Paris, Oct. 30.—The Supreme Council to-day discussed possible dates for putting the German peace treaty into effect, but postponed a decision in the matter until Saturday.

The Council also discussed the armistice conditions which the reports of Marshal Foch and others have shown Germany has violated. The violations are covered for the most part by the terms of the Peace Treaty, and it seems unlikely that any steps to punish Germany will be taken outside those provided in the Treaty. The payment Germany must make for the warships sunk at Scapa Flow was again discussed by the Council and it was proposed that floating drydocks and similar property be exacted from her in payment for the destroyed warships.

## LABOR SECTION OF TREATY TO SENATE

U. S. Senators Prepared to Put Up a Stubborn Fight

Washington, Oct. 30.—With the long list of committee amendments to the Peace Treaty finally disposed of, the Senate to-day lined up for the next big fight of the treaty controversy, which is to centre around an effort to strike out the provision for an international labor organization.

The labor section was not touched upon in the rejected committee amendment programme but several senators were ready to-day to put up a stubborn fight on the floor against it. A motion to strike it out was made in the committee in August by Senator Fall, Republican, New Mexico, but later was withdrawn with the announcement that he was for a vote on it in the Senate.

Senator La Follette, Republican, of Wisconsin, also has announced he would make such a motion, and Senator Thomas, Democrat, of Colorado, and others repeatedly have assailed the section in debate.

Textually the treaty to-day was just where it was when it was laid before the Senate on July 10, the last of the amendments attached by the Foreign Relations Committee after weeks of deliberation having been thrown out by the present unsettled labor conditions, elements are expected to be injected into the debate on the treaty labor provisions which may prolong it considerably. The leaders do not look for action for a week or more.

## BANK CLEARINGS.

The following bank clearings cover the week ending October 30: Vancouver, \$15,521,230; New Westminster, \$625,360.

## AIR CASUALTIES ON EGYPTIAN ROUTE

General Seely Replies to Allegations in House of Commons

London, Oct. 30.—In the House of Commons General Seely, Under-Secretary of State for Air, declared regarding the recent allegations that there had been a serious number of casualties on the new air route to Egypt, that in the spring and early summer there had been an urgent demand from Egypt for airplanes of large size and endurance to cope with the critical situation there.

Owing to this urgency machines had been sent by air instead of by sea. Fifty-one Handley-Page airplanes started, of which 26 arrived safely. Ten were at various points on the route disabled and 15 had been given up as wrecked. One machine had crashed down and four lives were lost. There were other bad accidents involving four fatal and three non-fatal injuries. At the request of the chief of the air staff, a special outside commission had been appointed to inquire into the matter.

The Minister emphasized the fact that the choosing of the route had nothing to do with civil aviation, and again urged that at the time the situation in Egypt had been critical.

## ADVOCATES TAX ON WAR FORTUNES

Lord Beaverbrook's Plan Would Ultimately Raise £1,500,000,000

London, Oct. 30.—The House of Lords, by a vote of 52 to 13 has rejected a motion expressing the opinion that the Government had been guilty of extravagance.

Lord Beaverbrook declared that inflation was the real cause for the financial troubles. He deprecated the proposed capital levy and increase in income tax and advocated the taxation of war fortunes which he stated would serve to raise £1,500,000,000.

Lord Birkenhead repudiated the charge against the Government of extravagance. He stated that the administration in the last year had made a sincere effort to practice economy.

## RAILWAY BOARD HAS APPROVED TARIFFS

Fares and Power Rates of B. C. Electric Established at Present Maximum

According to a wire received by the Hon. J. W. de B. Parris, Attorney-General, and Minister of Labor, from Hon. F. B. Carvell, Chairman of the Board of Railway Commissioners, this morning the British Columbia Electric Railway Company filed its maximum tariffs on British Columbia electric and Vancouver power lines on October 25, at the same maximum tolls as already prevailing, and that the Board has "measured an order approving the schedules in question."

In the light of the above Mr. Parris states that the six per cent. fare in the City of Vancouver is established by the Railway Board, and no action of the British Columbia Legislature may alter it until such time as the Dominion Government chooses to amend the Railway Act, which has now removed the British Columbia Electric Railway Company outside of Provincial jurisdiction by placing it in the category of a railway "for the general advantage of Canada."

While the company's application for a confirmation of its tariffs arose as a result of the amended Dominion Act particular attention has been drawn to the circumstances at this time by reason of the inquiry that was proceeding in Vancouver by the Provincial Public Utilities Commission—suspended simultaneously with the discovery of the effect of the Federal amendment.

The order of the Railway Board likewise definitely establishes the five-cent streetcar fare, with its transfers, in this city. Moreover, the trust fund created by the accumulated odd cents in Vancouver, to determine the disposition of which was one of the features of the inquiry, may provide a good deal of interesting speculation for the people of Vancouver, whose general hospital was to benefit in the event of the Public Utilities Commission deciding that the street railway company was not entitled to it.

## ARRESTS PROMISED.

Washington, Oct. 30.—Many new arrests in a number of States for violations of the food and fuel law are expected soon by the Department of Justice.

## NORTH RUSSIAN ARMY ADVANCES

Anti-Bolshevik Forces Reach Burumcheff; Junction Is Formed

Archangel, Oct. 29.—A further advance of the North Russian army is reported by the general staff. Its statement claims that the anti-Bolshevik forces have reached Burumcheff, 150 versts south of Onga, where they have formed a junction with the forces operating on the railway front. In the Onga sector the capture of 2,000,000 cartridges, 1,000 shells and other booty is reported. The road along the Onga river, the statement adds, was found strewn with the bodies of soldiers and horses and with booty which had been abandoned. The Bolsheviks having dropped everything and fled into the forests.

## LOCAL LOAN DRIVE OVER HALF MILLION MARK ON THIRD DAY

Including Government's Investment More Than Million Has Been Subscribed; \$175,000 Invested Yesterday; Island Returns Satisfactory

Gathering speed yesterday, the Victory Loan drive in Victoria last night passed the half million dollar mark. Including the investment of the city, the total subscription recorded at the end of the third day was \$536,000. To this must be added \$789,000 which was invested by the Provincial Government and which, by an arrangement made with the mainland, will be counted as part of Victoria's \$5,000,000 objective. During the canvass yesterday \$175,000 was invested by 439 applicants.

The drive in the business district proceeded with added impetus yesterday. While large numbers of employees in downtown business houses invested in bonds, no attempt was made to secure the big investments which have been promised by leading business

## Hapsburg's Must Renounce Claims or Be Expelled

Vienna, Oct. 30.—The Government has offered a measure for the expulsion of all members of the House of Hapsburg who have not taken advantage of the act of last April to renounce all their claims and become loyal citizens. The measure also provides for confiscation of all property of these persons not legally proven to be wholly private and not derived from the State.

## Prince of Wales Given Enthusiastic Welcome in Quebec

Montreal, Oct. 30.—Yesterday the Prince of Wales passed through the Eastern Townships district of the Province of Quebec, visiting St. John's, Farnham, Sherbrooke, Magog, Richmond, Lennoxville, and St. Hyacinthe.

Everywhere he was accorded the most enthusiastic welcome by the French-Canadians with whose representatives he spoke in their own tongue.

Addresses of welcome in French were replied to by the Prince in the same language and there is no doubt that his Royal Highness made a great and enduring impression on the population.

He returned to Montreal in the evening and attended a performance given at the Princess Theatre in his honor by the Army & Navy Veterans Association.

## Sensational Arrests May Follow Election Frauds in Paris

Paris, Oct. 30.—A sensational series of arrests may result it is reported, from an election fraud which has just been perpetrated by resort to the franking privilege of Premier Clemenceau. Hundreds of letters bearing the forged signature of M. Clemenceau and forwarded post free under the stamp of the Ministry of War, have been received by electors in various departments. The letters contain suggestion and directions tending to affect the chances for election of various candidates. The Premier has ordered a searching investigation to be made.

men. As a matter of fact, the investments of no men who are determined to subscribe more than \$25,000 have been sought. It is the intention of many of the larger investors to withhold their contributions until after the end of the month in order that they may not lose bank interest or make overdrafts.

"We have just scratched the surface of the business section so far," General Clark, Island Loan chairman, stated this morning. "We are on schedule, and the response simply serves to confirm in me the conviction that Victoria will raise her \$5,000,000 before the end of the drive." The \$175,000 invested yesterday represents the contributions of the small investor, not those of the big business men who will start investing next week. We are more than gratified at the way that the ordinary citizen is supporting the Loan. When we get the big investments, of which we are sure the objective will be reached all right."

Campaign Goes With Rush on Island. That the Loan drive is making great progress in the various up-Island centres is indicated by the reports received this morning by Island Organizer F. M. McGregor. All centres report that they have merely "scratched the surface" so far, and that they have found a ready response to the drive. Already three of the fifteen main loan centres have reached their objectives and have won honor flags, and it is expected that the next few days will see other places achieving similar results. It is reported to the Island headquarters here that many of the larger investors are withholding their subscriptions until the end of the month in order that they may not lose bank interest, and for other business reasons. A big rush at the beginning of next week is anticipated.

## Island Returns.

Following are the returns reported up to last night:

Cobble Hill	\$17,000
Duncan	20,000
Chelmsford	2,850
Lady's Hill	4,000
Nanaimo	40,000
Parksville	15,000
Union Bay	3,000
Courtenay	2,500
Cumberland	30,000
Port Alberni	17,000
Cassidy	21,000
The quota of Salt Spring Island was fixed at \$15,000 this morning by	

(Concluded on page 4.)

## Manchester Labor Member in Favor of Levy on Capital

London, Oct. 30.—The second day of the financial debate opened in the Commons this afternoon with a full attendance of the members. The House had before it the amendment to the Government's financial resolution offered by John R. Clynes, Labor member from Manchester, and former food controller, calling for a levy upon capital of the Government to the state of fortunes made from the war.

Premier Lloyd George was expected to speak this evening.

Mr. Clynes speaking on his amendment, congratulated Austen Chamberlain, the Chancellor of the Exchequer, on "the most skillful speech he had ever delivered in the House of Commons," but declared that the Chancellor's address yesterday had not outlined any policy. The Labor party, said Mr. Clynes, contended that the financial situation was so extraordinary that it called for extraordinary measures.

## PLOT TO ASSASSINATE CLEVELAND CHIEF FOILED

Cleveland, Ohio, Oct. 30.—A plot to assassinate Chief of Police Frank W. Smith and another high city official of Cleveland was revealed by police yesterday, following the round-up of seven men and one woman, alleged to be directly involved in a conspiracy to spread terror throughout the country by another series of bomb explosions.

Chief Smith declared evidence already obtained revealed a plot for a country-wide anarchistic uprising during the winter and early spring.

Proof has been obtained, he said, that arms and ammunition were ordered from various makers and that home-made weapons were being prepared here in large quantities.

(Concluded on page 4.)

### BARCELONA LOCKOUT UNSUCCESSFUL, SAYS SPANISH REFORMIST

Madrid, Oct. 30.—Senor Alvarez, leader of the Spanish Reformists who has been mentioned as the head of a coalition government in Spain, has arrived in Barcelona to exchange views with workmen and employers relative to the lockout declared by the latter for November 4. Dispatches received here state that Senor Alvarez has stated the lockout would not be a success, expressing the opinion that the employers were in the wrong.

### RATIONING OF SUGAR SUGGESTED FOR U. S.

Washington, Oct. 30.—Rationing of sugar to manufacturers of candy, soft drinks and the like soon is to be suggested by the sugar equalization board, a House investigating committee was told yesterday by Herbert Hoover, former Federal food administrator. This step by the board, Mr. Hoover said, resulted from the fact that "raw sugar has risen beyond the point where it can be bought advantageously for the housewife."

## DRURY IS LEADER OF ONTARIO HOUSE

Was Unanimous Choice of  
The Farmer-Labor  
Party

Toronto, Oct. 30.—E. C. Drury is to be the next Premier of Ontario, succeeding Sir William Hearst. Mr. Drury was the unanimous choice of the United Farmers of Ontario and the Labor representatives in the new legislature at a joint conference at the United Farmers' headquarters yesterday afternoon. It is understood that the meeting was very harmonious, and that there was an indication of the two groups pulling together in the House, though both the United Farmers and Labor will retain their group feature to a considerable extent.

Premier-Elect Drury said last night that the new Government was practically completed, that all the portfolios had been allocated and that the new Government would be ready on short notice to take over the reins from Sir William Hearst and his Ministers. Mr. Drury said he was going home to await the call to return to Toronto to accept from the Lieutenant-Governor the responsibilities of the Premiership.

As an evidence of the unanimity on the choice of Mr. Drury as leader, the Canadian Press was handed a resolution that was moved by Mr. P. Heenan, United Farmer member-elect for Kenora, and seconded by Mr. R. A. Hughes, Toronto, treasurer of the Independent Labor Party, the resolution being expressive of hearty endorsement of Mr. Drury as "Leader of the Farmer-Labor Party."

## Revolutionary Propagandists Are Arrested

Paris, Oct. 30.—Arrest by the Swiss police of men responsible for the "International Youth" organization having in their possession unlimited propaganda fixing November 7 as the date for an international revolution in Spain, Italy, France and Switzerland has caused a deep impression in political circles in France.

The opponents of the peace treaty are making use of the discovery in the political campaign and are attacking the treaty on the ground that the guarantees are insufficient.

The plot was organized at Stuttgart by the "Communist Bolshevik Youth" organization.

As influenza is an exaggerated form of Grip, LAXATIVE BROMO QUININE Tablets should be taken in larger doses than is prescribed for ordinary Grip. A good plan is not to wait until you are sick, but PREVENT IT by taking LAXATIVE BROMO QUININE Tablets in time.

## Heintzman & Co. Piano

than it does an ordinary piano, but it is so thoroughly built that when once completed it will last a lifetime.

Every piano is built as though for a special order.

The one-price system prevails—the same price to all.

Phone 1241

## SIR WALTER CASSELS THIRD ARBITRATOR

Chief Justice of Exchequer  
Court on G. T. P.  
Board

Ottawa, Oct. 30.—The announcement by Hon. Arthur Meighen that Sir Walter Cassels, Chief Justice of the Exchequer Court, had promised to be the third member of the Board of Arbitration which will fix the amount to be paid by the Government for the Grand Trunk, was an important development in the debate on the Grand Trunk Bill in committee in the Commons yesterday.

The bill as amended, provided that one arbitrator would be named by the Government and another by the company, and that they would name the third.

In view of Sir Walter Cassels' decision, Mr. Meighen has decided to accept the amendment provided that in the event of the death of the Chief Justice of the Exchequer Court, his successor, or a judge of the Supreme Court, will be the third arbitrator.

Nine Months.

Asked by Hon. Mackenzie King to express an opinion as to how long the arbitrator's proceedings would last, Mr. Meighen expressed the view that they could probably be concluded in nine months.

There was considerable discussion of clause No. 7, providing for the management of a committee of management to operate the Grand Trunk system until after the conclusion of the arbitration proceedings, but it finally passed.

In clause No. 8, providing for the advance of money to the committee of management, the committee struck a snag.

Mr. King had described this provision as "thoroughly vicious."

Flagrant Departure.

Mr. Fielding declared that the clause involved a flagrant departure from British parliamentary practice in that it authorized the Government to loan money without coming to Parliament.

Mr. Meighen agreed that it was open to objection, and suggested that it stand over until the Government could ascertain the amount that likely would be required to continue the operation of the system.

Earlier in the day clause No. 5, providing for the redemption of Grand Trunk stock after a period of thirty years, was held over after Mr. King had moved an amendment striking out the words "after thirty years."

Clause No. 12, the last in the bill, as on the request of Mr. McKenna, held over until to-morrow, when the Minister of the Interior will make a further statement regarding the obligations of the Grand Trunk Pacific.

Before the committee rose, L. A. Lapointe moved that a thirteenth clause be added, "that nothing in this bill or the amendments thereto shall affect the present or future rights of cities and municipalities as to taxation of railways and railway property."

The Union of Canadian Municipalities, through the president, Mayor Fisher, of Ottawa, had asked that their rights be safeguarded.

Mr. Meighen argued that as the rights of municipalities were not affected in any way by this bill the clause was unnecessary. It was rejected and the committee rose.

## U. S. Senate Rejects Moses Amendment to Peace Treaty

Washington, Oct. 30.—The Moses amendment to the Peace Treaty, last of those proposed by the Foreign Relations Committee, was rejected yesterday by the Senate.

Like the Johnson amendment, defeated last Monday, it dealt with voting power in the League of Nations. The amendment proposed would exclude all of the British Dominions from voting in any League of Nations controversy to which one of them was a party.

The vote was thirty-six to forty-seven. Of those supporting the Moses amendment, three were Democrats. Nine Republicans voted with the Democrats in opposition.

Do Not suffer from another attack of bleeding piles. Dr. Charles C. Johnson will relieve you at once and at a certain price. He is a specialist in the treatment of piles. He is located at 1000 Broadway, New York City.

## MUCH RESENTMENT OVER FINDINGS

Rejection of Gratuity Proposals Unfavorably Received by Veterans

Toronto, Oct. 30.—Representative veterans, interviewed regarding the report of the Soldiers' Re-Establishment Committee have no word of recommendation for the findings of that body. Opinions vary from the note of cynical derision to that of angry protest, and the underlying feeling is that the Government, by adopting the report, will bring a hornet's nest about its own ears.

"The report looks like a case of serving up the dessert and entrees without including the roast beef and vegetables," was the view of Vice-President Sam Stalford, of the Dominion command of the G.W.V.A. "It is most deplorable that the committee should have brought in a report that left no other course than the resignation of the three members of the G.W.V.A. advisory committee as a protest against such a report being adopted. The committee declares that the country cannot afford to pay any more gratuities, but we had proved that it can."

The statement made by Colonel Hunter, president of the Parkdale branch of the G.W.V.A., in reference to the report of the committee was short, but to the point:

"The proposition, if correctly stated, will faithfully represent the anxiety of the potentates in Ottawa to alienate the last group of the public that were still bearing patiently with their infirmities—the returned soldiers," he said. "Having irritated labor, alienated more than half of the financial interests and aroused the farmers to political mania, the only thing necessary to make the job complete was to drive the returned men into forming a political party of their own."

G. W. V. A. Committee Resigns.

Ottawa, Oct. 30.—Hon. J. A. Calder, chairman of the reparation committee of the Cabinet, has received the letter of resignation of the advisory committee of the G.W.V.A. It was in the form of a letter to C. G. Macneil, secretary of the G.W.V.A., and transmitted to the Minister after reciting the proposals submitted by the committee.

The letter continues:

"Our regret and disappointment, the greater part of these recommendations have been ignored or only partly considered. Had these matters been dealt with in statesmanlike manner, the present parliamentary committee would have been unnecessary, and the unrest among returned men—the direct result of inaction and half-conceived measures—would have been prevented."

"Even after the parliamentary committee met and the facts had been presented to them, its recommendations are apparently such that we are constrained to regard them as unsatisfactory, and we are, therefore, placing our resignations in your hands once more as a protest against inadequate measures for re-establishing the men from the battlefields of Europe."

## Give Ireland Status of Dominion Says Sir Horace Plunkett

London, Oct. 30.—Sir Horace Plunkett, in an address before the National Liberal Club yesterday, declared that the path of wisdom for the Government was to make the Irish people an offer of the fullest measure of self-government. He advised the Government to give Ireland the status of a self-governing Dominion with certain reservations covering the problem of national defence, leaving it to the Irish people to settle their internal difficulties themselves.

## CHINESE PLAN TO ESTABLISH BANKS IN THIS COUNTRY

Vancouver, B. C., Oct. 30.—Completing a trip through the United States and Canada, Hon. Hsu Un Quen, a privy councillor of the Chinese Cabinet, arrived here yesterday en route to the Orient, and in the course of an interview made the announcement that, following a thorough investigation into the trade possibilities between Canada, the United States and China, the Chinese Government would establish a bank in New York with branches in San Francisco and Vancouver, B. C., and possibly other cities.

## IRISH REPUBLICAN "PARLIAMENT" MEETS

Dublin, Oct. 30.—The Sinn Fein press bureau says the Irish Republican parliament met in private session at the Mansion House Monday evening. There was a full attendance of members.

It was announced that Irish trade representatives had been appointed and were working in France, Italy, Switzerland and Argentina, and that J. L. Fawcett had opened offices as Irish consul-general on Broadway, New York.

SOO PUBLISHER DIES.

Sault Ste Marie, Ont., Oct. 30.—Charles N. Smith, ex-M.P.P. for the Soo, died here yesterday. He was publisher of the Soo Express. He was born in 1886 at Tapley Town, Ont.

## RED TROOPS SCORE SUCCESS IS REPORT

Heavy Fighting Now In Progress Sixteen Miles West of Petrograd

London, Oct. 30.—A Bolshevik headquarters report received by wireless yesterday says that the Bolshevik troops are scoring successes on the Petrograd front against General Yudenitch and against Admiral Kolchak.

The report states that fighting is in progress fourteen miles southwest of Petrohof, sixteen miles west of Petrograd on the Gulf of Finland.

On the southern front the Bolshevik troops have entered Dmitrovsk and Kromy, respectively 20 and 57 miles southwest of Orel. In the Ust Medveditskaya, one of the Don Cossack towns on the Don River, the Bolsheviks, it is stated, have captured hundreds of prisoners.

On the eastern front the Bolsheviks are driving the enemy from all fortified positions toward the east.

## How to Kill Dandruff So It Won't Return

By a Specialist.

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well-known fact. We appreciate, therefore, the importance of any agent that will destroy its power. For this reason it is a pleasure to give herewith the prescription which a famous scalp specialist states he has found after repeated tests, will completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair and it has in numerous cases produced a new hair-growth after years of partial baldness. This prescription can be made up at home, or any druggist will put it up for you—4 ounces Bay Rum, 2 ounces Lavona de Compose, one-half drachm Menthol Crystals. Mix thoroughly, and after standing an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger tips. If you wish it perfumed, add 1 drachm of your favorite perfume. While this preparation is not a dye it is unequalled for restoring gray hair to its original color.

## POLAND RECOGNIZES LITHUANIAN GOVERNMENT

Warsaw, Oct. 30.—(French Wireless Service)—Ignace Jan Paderewski, Premier of Poland, has received M. Mejerowitz, Foreign Minister of Lithuania, and has accorded recognition to the Lithuanian government as at present constituted until such time as the Peace Conference at Paris gives Lithuania a status in accordance with the wishes of the Lithuanian people. A Polish mission will be sent to Riga to get in touch with members of the Lithuanian cabinet.

# Overdoing

## How Women Break Down

Owing to the modern manner of living and the nervous haste of every woman to accomplish just so much each day, they overdo, and as a consequence develop ailments peculiar to their sex, as is indicated by backache, headache, nervousness, the blues, displacements and weakness.

Women who find themselves in this condition should slow down, and depend upon that good old fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, to restore them to health and strength, for there is no other remedy known that so quickly restores a healthy, normal condition.

## Here is the Story of a Most Remarkable Recovery

Minneapolis, Minn.—"I was run down and nervous, could not rest at night, and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from me, so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine."

Mrs. A. L. MILLER,  
2633 East 24th St.

## TURKEY'S FINANCES ARE REPORTED TO BE IN GOOD SHAPE

Constantinople, Oct. 30.—Turkey's finances are in better shape, perhaps than those of any country in Europe, according to reports. She has one gold piece for every four in paper, it is claimed on good authority, and an effort is being made to borrow \$4,000,000 partly for the purpose of repatriating two hundred thousand prisoners now in Egypt, India, Russia and Central Asia. These prisoners are making desperate efforts to reach their homes.

## WASHINGTON MAY IMPORT B. C. COAL

Seattle, Oct. 30.—Ten thousand tons of coal monthly will be brought to Seattle from British Columbia for needs at Washington State, if the coal strike takes place on November 1, G. H. Sullivan, superintendent of county docks and wharves, said yesterday.

The normal importation of coal from the Canadian side is 1,000 tons monthly. The county's dock on Lake Union is being prepared to furnish additional "berthing space" for the barges carrying the coal.

## King Albert Took Cruise on Mayflower, President's Yacht

Washington, Oct. 30.—With a list of engagements till every hour of the day, King Albert, Queen Elizabeth and Crown Prince Leopold started yesterday upon the activities of the second day's visit of the Belgian Royal Family to Washington. The programme included a journey to Mount Vernon on the Mayflower, the president's yacht, accompanied by Vice-President Marshall and other high officials. At the tomb of Washington, the ruler of the Belgians paid tribute to the founder of the American Republic. A formal dinner in honor of the distinguished visitors was given last night by the Secretary of State.

## SATISFACTION OVER RESULTS OF ELECTIONS IN SWITZERLAND

Berne, Oct. 30.—Satisfaction with the results of the elections to the National Council which showed only thirty-nine Socialists elected on the final count, is expressed by the bourgeois press. The Swiss democracy, these newspapers comment, withstood victoriously a strong attack on the part of the extremists, who had been boasting that the bourgeois party would be snowed under.

The final results of the Council with a total of 189 members will be made up as follows: Radical Democrats, 63; Catholic Conservatives, 42; Socialists, 39; The New Peasants' Party, 27; Liberal Democrats, 9; Eastern Switzerland Democrats, 4; Grutleians, 3; Progressive Bourgeois, 1; Evangelist, 1.

## RUSSIA TO BE HELD RESPONSIBLE FOR THE SAFETY OF PRISONERS

London, Oct. 30.—(Reuters).—In the House of Commons Tuesday Cecil Harcourt, Parliamentary Secretary for Foreign Affairs, stated in reply to a question that the Government had notified Trotsky and others in Russia that they would be held personally responsible for the treatment of war prisoners and other British citizens in Russia.

## MALES UNFORTUNATE IN HOUSE PURCHASED BY FORMER KAISER

Doorn, Holland, Oct. 30.—There is a superstition at Doorn, which, because of incomplete records is somewhat difficult to bear out, that the house at Doorn, recently purchased by the former Kaiser, is unlucky for its male occupants. It is said that the house has generally been occupied by widows, the men having died after a few years' occupancy. The Baroness Van Heemstra, who sold the house to the ex-Kaiser, was a widow.

## FARMER MURDERED; SON IN CUSTODY

Winnipeg, Oct. 30.—From meagre details to hand, it is alleged Alex. Koryk, a farmer at Poplar Field, Man., a settlement on the C. N. R. Fish River branch, has been murdered by his thirteen-year-old son, Tony.

An officer of the R. N. W. M. P. has taken the boy into custody and a brother, aged nine, is held as a material witness. The victim died of gunshot wounds and an inquest will be held to-night on the tragedy.

## SIR REGINALD TOWER IS COMMISSIONER TO DANZIG FOR LEAGUE

London, Oct. 30.—Sir Reginald Tower, formerly British minister to Argentina, and Paraguay, has been appointed temporary high commissioner at Danzig by the League of Nations organization. It is learned here. He is expected to assume his duties about November 8.

The news of the appointment was received here with double interest as it is taken as an indication that the League is beginning to function.

## ALLIED FLEET SAID TO BE BOMBARDING POSITIONS AT RIGA

Copenhagen, Oct. 30.—The Lettish Bureau announces that the Allied fleet at Riga has been reinforced by some large warships and is continuously bombarding German positions.

It is added by the Press Bureau that a military convention is on the point of being included between Latvia and Lithuania with the object of forming a common front against the German-Russian forces.

## AUSTRIAN GENERALS CEN- SURED.

Vienna, Oct. 30.—Generals von Aase and Waldner of the Austrian Army, who have been subjected to severe censure for ordering the cessation of hostilities on November 3, 1918, thirty hours before the armistice with Italy became effective, were heard yesterday at a secret mission of the commission appointed to investigate the allegations made against them.

It is claimed that the Italians concluded their offensive and captured more than 300,000 prisoners during the period mentioned, all Austrian posts having been ordered to stop firing.

## CERTAINLY DID THE WORK FOR ME, SAYS RETURNED SOLDIER

## Thompson Feels Like a New Man Since Tanlac Built Him Up

"I feel that I have been well repaid and got a great deal more than my money's worth after taking Tanlac," said Alex. Thompson, who resides at 626 Tenth Street, New Westminster, B. C. Mr. Thompson has just returned from overseas, where he did valiant service with the Canadian army, with great credit to himself. Continuing, he said:

"For some time I have had severe stomach trouble. I had very little appetite, and what little I did force down would ferment and cause gas to form, and I would bloat something terrible. I would have the worst sort of headaches almost every day, and had intense pains in the small of my back. All this in connection with my strenuous duties in the army caused my nerves to get in very bad shape, and I felt tired and worn out all the time. I could hardly sleep at all, and would get up in the morning all fagged out and not really able to go to work."

"Seeing Tanlac recommended by so many people I decided to try it, and after taking the first few doses I began to get better. I have only taken three bottles so far, but I feel just like a new man. My stomach is in fine shape and my appetite is good. What I eat now digests perfectly, and I am never bothered with gas or bloating. The headaches and pains in the small of my back are things of the past. My nerves are all right again, and I sleep like a log and get up in the morning feeling fine. There is no more of that tired worn-out feeling, and I am full of energy and am always ready for work. Tanlac sure did the work for me."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Advt.

## POST COMMENTS ON CANDIDATURE OF LADY ASTOR AT PLYMOUTH

London, Oct. 30.—(C. A. P.).—Lady Astor's adoption as official Unionist candidate for Parliament for Plymouth provokes rather amusing comment from the Unionist Morning Post which incidentally is owned by the Countess of Bathurst.

"During the debates on the general question of enfranchisement of women," says The Post, "the Unionists objected to the measure for various reasons, and those who voted for it were understood to have withdrawn their objections on the strict understanding they would never consent in the election of women to Parliament."

"Lady Astor has every intention of taking her seat, and if elected the first female member of Parliament will be the American by birth. The Viscount in one House and the Viscountess in another should not be a happy arrangement. At any rate it is officially approved by the Unionist party. If at one time they considered the participation of women in the councils of state as injurious they have changed their minds."

Other papers speculate as to what kind of a hat Lady Astor will wear in Parliament, seeing that members' hats play "an important part in regard to proceedings."

## ROBBERS MAKE HAUL OF LIBERTY BONDS

Rock Island, Ill., Oct. 30.—Blowing the door off the safety deposit box vault and breaking open the individual deposit boxes, robbers yesterday made a haul of \$35,000 in Liberty Bonds from the State Bank of Sherrard, Ill., near here.

Because of the similarity of the Sherrard robbery to the one at Mason City, Ia., the night before, in which \$10,000 in Liberty Bonds was taken, the authorities are trying to link them up in an attempt to run down the robbers.

## Every Grocer Has Pacific

One of the factory men was shooting on Vancouver Island for two weeks.

He says they went through almost every town between Victoria and Nanaimo and he found Pacific Milk in every store he went in.

Not only did they have it but the grocers all said they sold more than twice as much Pacific Milk alone as of all others combined.

## Handsome Fur-Trimmed Suits

"They have just that 'wintry' look I want in a suit" is the compliment many women pay them. Their muff-like cuffs and large, becoming collars—many times fastening at the side in entirely new ways—seem to have successfully usurped the reign of separate fur sets this season.

At \$67.50 to \$175.00

## EXPORT LICENSES FOR SUGAR TO U. S. NOW CANCELLED

Ottawa, Oct. 30.—All contracts for the shipment of sugar to the United States were cancelled yesterday by the Canadian trade commission, and no more licences for exportations will be issued. The export of sugar at border points, which had been permitted to some extent, has also been stopped.

## WITHDRAW FROM SYRIA.

London, Oct. 30.—Andrew Bonar Law, Government leader in the House of Commons, announced yesterday

that the Government was arranging with France and Prince Feisal, son of the King of Hedjaz, for the immediate withdrawal of the British troops from Syria and the assumption of the duties of occupation by the French and Arabs pending the conclusion of the peace treaty.

## BUSINESS MEN MAY TRAVEL ON WARSHIPS

London, Oct. 30.—British travelers and representatives of business houses are to be permitted passage aboard every British warship leaving the country for abroad.

This according to Sir Hamer Greenwood, Under Secretary for Home Affairs, who made the an-

## THE VICTORY LOAN.

The Victory Loan campaign is gathering momentum, and although in the city the daily total subscriptions are considerably under the amounts subscribed on the corresponding days of the Victory Loan campaign last year, those in-charge of the drive are confident that the objective will be reached by the time the lists close. Their confidence is based upon the attractiveness of the loan as an investment and the appeal it must make to the business sense of the community as well as their conception of the public's appreciation of the national considerations underlying the issue. Putting savings in Victory Bonds which pay 5½ per cent. interest is an easy way to make money, and one which speaks with sufficient emphasis for itself. It did not take Parkville and Cassidy long to show their appreciation of the advantages of investing in Victory Bonds for they attained their objectives on the first day of the campaign. Last night Cobble Hill also announced that it had reached the total set for it, and we may expect to hear of similar returns from other up-Island communities.

## MR. DRURY LEADER.

The result of the conference of United Farmers and Labor representatives has cleared the political situation in Ontario, for the present at any rate, and simplified the course of the Lieutenant-Governor. The two elements have agreed upon Mr. E. C. Drury as their leader, which means that this gentleman will be called upon to form a Cabinet. The personnel and distribution of portfolios for the new Ministry are reported to have been decided upon, so within a few hours the Hearst Government will give way to a fresh administration which, for the first time, will be neither Liberal nor Conservative.

How long the new Ministry will be able to carry on without another election, however, must depend upon the measure of support it can rely upon from members of the two old-time parties. The Toronto Globe sees no reason why the Liberals should not support the United Farmers in view of the similarity of the policies of the two parties. There are farmers in both the Conservative and Liberal groups in the House who may deem it desirable to cast their lot with the new Government, although they should first gain the views of their constituents on the subject.

Mr. Drury, the new Premier-elect, is well known throughout Ontario, not only as a prominent figure in various farmers' movements and organizations, but in the political sphere. Until a short time ago he was actively identified with the Liberals, and on one occasion contested North Simcoe as a candidate for the Dominion House of Commons against Lieut.-Col. J. A. Currie. He is an able speaker, and is widely informed on public questions. He is one of the leading agriculturists of his Province, and will be remembered as a member of the staff of the Macdonald Agricultural College at St. Anne for a short time after its organization. Opening a new era in Ontario politics his future will be watched with close interest throughout Canada.

## JELICOE'S REPORT.

A dispatch from Sydney, Australia, says Lord Jellicoe's report takes the view that Canada's participation in the imperial naval defence programme should involve an annual outlay of \$45,000,000. Obviously, however, any figure affecting Canada's part in whatever plan Lord Jellicoe has in mind must be purely tentative, since he has not yet studied the question in Canada or from the Canadian angle. After this has been done he, no doubt, will submit a report to the Canadian Government, as he has done to the Australian Government, and whatever the Government may decide to do as the result of it will be fully considered by Parliament.

It may be taken for granted, however, that neither the present Government of Canada nor any other Canadian Government would dream of trying to commit the country to an annual expenditure of \$45,000,000 for naval defence. With the annual outlay of \$15,000,000 for military purposes this would involve a burden of \$60,000,000 per year for armaments and, apart from other grave and fatal objections, would bankrupt the country. What Canada can do in the way of land and sea defences must be limited by many considerations, including the capacity of the people to pay in view of numerous more urgent requirements, and the nature of the actual demand for it.

During the next few years the financial policy of this Dominion will have to be marked by the

utmost economy and retrenchment. There soon must be an end to floating big domestic loans, and there will be a wide gap between income and expenditure to bridge. Heavy increases in taxation must be looked for, and this will call for the elimination of all expenditures for which there is no urgent need. Finally, under no circumstances would the Canadian people engage in anything suggestive of a war of armaments such as that which cursed Europe for generations and culminated in the terrible convulsion of the last five years, even if they were financially able to do it.

## THE GRAVEST PERIL.

In an interesting series of articles on the war at sea Vice-Admiral Sims shows that the most deadly menace which confronted the Allies was the German submarine campaign, which in the spring of 1917 reached such a point that in naval circles in London at that time it was agreed that unless some effective counter measure was discovered at once it would be successful. The view of Lord Jellicoe, who was then First Lord of the Admiralty, was that the submarine campaign would be fatal to the Allies unless it was stopped, and "stopped soon," for the Germans were turning out submarines much more rapidly than they were being destroyed. The adoption of the convoy system by the Allies provided the remedy. This had been previously rejected by the Admiralty as impracticable, but under the stress of circumstances an experiment was made with a convoy between England and Gibraltar. It was very successful and after that the system of protecting fleets of merchantmen carrying supplies by destroyers and other small, swift craft was generally adopted. Enemy attacks upon convoys invariably were failures. Thus, to destroyers and similar small armed vessels fell the chief duty of warding off the most formidable threat of the whole war.

## THE HOUSING SCHEME.

An announcement made by the Mayor yesterday indicates that the Streets Committee, which means the whole of the City Council, will take up the question of soldiers' houses to-morrow afternoon. It is to be hoped that a final decision will be reached—to follow the lead set by Saanich and many other municipalities throughout the Province. The suggestion, however, that no report has been prepared by the civic committee charged with an investigation into the housing question is somewhat surprising, in view of the fact that its deliberations presumably have covered a period of several weeks. Either the committee experienced no difficulty in reaching a decision as to the merits of the returned men's plea for action, or else there has been displayed an indifference which needs explanation. In the meantime November—and bad building weather—is at hand.

## MUNICIPAL REGISTRATION.

Exclusive of the ordinary taxpayers there are approximately 4,500 persons in the city of Victoria from whom the road tax, amounting to two dollars annually, is collectable. When that small sum has been paid the individual may present his or her receipt at the City Hall and qualify for the exercise of the franchise at the municipal elections. Those who have paid the tax and who have failed to register may do so to-day, this evening and to-morrow, Saturday will be too late and only those persons whose names are on the current list may vote next January. It is a deplorable fact that up till last night less than 500 had demonstrated sufficient interest in civic affairs to get on the list. Last year the number reached 900. Surely it is worth two dollars a year to the man and woman whose interest in the community is more practical than superficial to be able to fulfill one of the most important duties of citizenship.

## WHY CHANGE M. D. 11 HEADQUARTERS?

On a number of occasions during the last three years it has been found advisable to tell the authorities at Ottawa that any attempt to remove the headquarters of Military District No. 11 from the City of Victoria would be met with spirited opposition unless it could be shown beyond the shadow of a doubt that the requirements of the army abroad demanded an administrative change. It is now understood, however, that a final decision is expected from the Minister of Militia during his present visit to the city, and it is desirable that General Mewburn be impressed with the inadvisability of a change.

Vancouver's attitude, of course, is not new, and it is not surprising to learn that longing eyes from the Terminal City are trained upon such advantages as may attach to the home of M. D. 11. But, then, Vancouver has a habit of wanting everything. That, however, is no reason why the final decision now awaited should result in the change of a policy in this Province which more than justified itself all through a period of military administration the like of which never may be necessary again. Whatever re-organization of the Militia Department may be necessary, therefore, to render Canada's peace-time force effective in time of emergency, there will have to be stronger reasons than have yet been revealed to induce Victorians to look upon the removal of M. D. 11's headquarters without protest.

and 5; Saturdays 10 to 1, and  
Mr. H. H. Rowley, Union Bank.  
Applications to be accompanied  
by remittances.

## PLOT TO ASSASSINATE CLEVELAND CHIEF FAILED

(Continued from page 1.)

Five of the six persons taken in four raids Tuesday night were given preliminary hearings yesterday. Three, Theodore Leowar, an electrician; Steve Matejka, a machinist, and the latter's wife, were held in bail of \$15,000. The others, one of whom is still held for investigation, were placed under \$1,500 bail. Trial was set for October 31.

Arrest at New York.

New York, Oct. 30.—Detectives of the bomb squad yesterday arrested a man at I. W. W. headquarters on the east side, answering the description of Frederick Wheeler, an alleged "anarchist dynamite" who is said to be wanted by the Cleveland police in a round-up of anarchists.

Detectives said that the man arrested admitted being known as Frank Wheeler and that he had been in Cleveland. When they searched his room, the detectives say, they found mechanical tools, I. W. W. pamphlets and formulas which H. A. Campbell, inspector of the United States Bureau of Mines said, were perfect for making high explosive bombs.

## LOCAL LOAN DRIVE OVER HALF MILLION MARK ON THIRD DAY

(Continued from page 1.)

John Mowat, who is canvassing all the Gulf Islands. Mr. Mowat reports the Salt Spring residents will "go over the top" without trouble.

Easy Payment Plan Popular.

There has been a big run on Bank Instalment Cards, in other words, great numbers of people are taking advantage of the easy payment plan offered by the banks, which extends the payment over the period of ten months. Salesmen report that this form of payment is responsible for much heavier subscriptions than would otherwise be made, for future savings are being anticipated. Evidently the thrifty ones have begun to realize that it is as well to over-subscribe for this Loan, possibly arguing that this will be the last opportunity that will be available for securing such handsome returns together with such good security.

Yesterday's Canvass.

The employees of the big Woolworth Store were addressed on the subject of the Loan by George G. Bushby, during the course of the day. Through the courtesy of the manager, Harry Phillips, a committee was formed among the employees to canvass every worker in the building.

Toronto, Oct. 30.—The totals for the Dominion Victory Loan up to 11 a. m. to-day amounted to \$33,326,200. They are divided as follows: British Columbia, \$561,350; Alberta, \$1,347,750; Saskatchewan, \$1,377,800; Manitoba, \$1,351,550; Ontario, \$52,093,800; Quebec, \$25,267,100; New Brunswick, \$908,500; Prince Edward Island, \$54,000; Nova Scotia, \$337,600.

The above report shows three days' returns from Ontario, only one day from British Columbia, and two days from all the other provinces.

## WASHINGTON PREPARES TO GRAPPLE WITH THE COAL STRIKE PROBLEM

(Continued from page 1.)

Pennsylvania.

Pittsburg, Pa., Oct. 30.—The dawn of Saturday will find more than 100,000 coal miners of Western and Central Pennsylvania and West Virginia on strike, according to officers of the United Mine Workers of America in the two districts, who have declared that the men will obey orders of their leaders to walk out.

No Attempt to Operate.

St. Louis, Oct. 30.—Thomas T. Brewster, chairman of the scale committee of the mine operators' association, last night reiterated that the mine owners would make no attempt to operate the mines without Government aid after the strike became effective and re-asserted that the operators would re-open negotiations with the miners if the strike order was rescinded pending settlement of differences.

Mr. Brewster denied a report that the operators had called a meeting at Cleveland to discuss the prospective strike.

When told that Attorney-General Palmer would act in the strike under provisions of the Lever Food Control Act, Mr. Brewster said: "The operators are over-desirous of continuing production of coal and will do everything possible to cooperate with the Government in enforcing the provisions of the Lever Food Control Act."

Whatever steps the Government sees fit to take in the prospective crisis, the operators will support to the fullest extent.

"Enforcement of the Food and Fuel Control Act, is, in my opinion, the only possible way by which the crisis can be averted."

Fuel Administration.

Washington, Oct. 30.—Revival of the fuel administration to deal with conditions growing out of the coal strike is not necessary. Dr. Harry A. Garfield advised the President's Cabinet to-day, holding that the war time powers of that body now are vested in the railroad administration, which will have full authority to distribute coal to essential industries.

Members of the Cabinet said that if Dr. Garfield's suggestion was adopted it would obviate the necessity of asking Congress for money to reorganize the fuel administration and that the railroad administration could allocate coal in accordance with the preferential list in effect during the coal shortage two years ago.

While revival of the fuel administration had been urged by Government officials to prevent hoarding and profiteering, the Department of Justice announced that it had power to handle that situation under the Food Control Act.

Secretary Lane announced that the Cabinet met that the Government would not hesitate to curtail the consumption of coal, in industries fifty per cent., in order that the coal on hand and that available from unaffected non-union mines might be equitably distributed to essential industries.

The curtailment list used by the War Industries Board during the war would be taken as the basis for the industries to be supplied. Mr. Lane said. Plants engaged in manufacturing munitions might be cut off altogether.

The current supply of coal from

## TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, October 30, 1894.

Residents of Victoria West complain of the presence of a number of wild cattle that are allowed to run at large in that vicinity. Yesterday afternoon a lady and two children were chased by one of the animals, and were forced to climb a fence to get out of the way. Residents think that an occasional visit from the poundkeeper would do some good.

Fred Toms, of Ottawa, has been awarded the contract for the new Dominion Government buildings in this city on the site surrounded by Government, Courtney and Wharf Streets. All the custom house, post office savings bank and public works department officials will be located in the new building.

non-union mines is sufficient to meet domestic demands and supply the needs of railroads and public utilities, Mr. Lane said.

Dr. Garfield was at the White House before the Cabinet met in special session. Director-General Hines also was summoned to give a detailed report.

Protection For Workers. Protection for miners willing to remain at work in the mines despite the strike order was given serious consideration by the Cabinet. The general understanding is that the ordinary police forces, State and local, will be used first, but troops will be ordered to the mines if necessary.

Government officials endeavored to obtain further reports from coal operators regarding announcement last night by Thomas D. Brewster, head of the coal operators' scale committee, that no attempt would be made to open the mines Saturday in face of the strike order. Confidential advice from Government agents in the coal territory had indicated that a large number of miners would not strike.

and it has been thought here that the mines would be open to receive all of the old hands who wanted to stay on the job.

It was explained by officials familiar with the situation that Brewster probably spoke only for the central competitive fields embracing Indiana, Illinois and Western Pennsylvania, union strongholds. The annual output in territory is approximately 180,000,000 tons. An equal amount is turned out by non-union mines and the total soft coal output is about 500,000,000 tons.

The Northwest has a fair winter's supply at Duluth, Minn., and other nearby storage points, Mr. Lane said. There is from 150,000,000 to 200,000,000 tons of non-union mined coal yearly and this would be divided as follows:

Railroad supply, 100,000,000 tons; domestic, 50,000,000, and public utilities, 25,000,000. This would leave no coal for industries from this source and Mr. Lane said they would have to be taken care of through curtailment of the consumption.

## MRS. ELLA WILCOX, NOTED AUTHORESS, DEAD

New Haven, Conn., Oct. 30.—Mrs. Ella Wheeler Wilcox, authoress and poetess, died at her home "The Bungalow" in Branford, to-day. Mrs. Wilcox had been ill for some months, having had a nervous collapse while engaged in war relief work in England.

Ella Wheeler Wilcox was born in Johansworth Centre, Wisconsin, in 1855. She was educated at the University of Wisconsin, and after graduating, married Robert M. Wilcox in 1884. She became an editorial writer

and a contributor in the New York Journal and the Chicago American, and later wrote such famous works as "A Double Life," "Drops of Water," "Poems of Passion," "Poems of Pleasure," and "Poems of Sentiment."

## BOLSHEVİK "MYSTERY SHIP" IS CAPTURED

Helsingfors, Oct. 30.—What is described as a Bolshevik "mystery" ship, carrying a cargo consigned to the American legation, Stockholm, in transit to American museums, has been captured by a destroyer in Finnish waters and taken into Björkö. Under a cargo of flax, it is

said, was found a mass of Bolshevik literature printed in English, French and German. There was also a valuable collection of art objects and films idealizing soviet conditions.

## FAMOUS CROWN JEWEL MISSING AT VIENNA

Vienna, Oct. 30.—An inventory of the crown jewels has disclosed that the famous diamond known as the "Grand Duke of Tuscany" and sixteen other valuable objects have been removed, presumably by the former Emperor when he fled the country. It is said to be an open question, however, whether this stone was private or State property.

## WANT HOSPITALS IN TOUCH WITH POLICE COURTS

Important Matters Considered by Provincial Executive of Women's Council

Vancouver, Oct. 31.—The third meeting of the provincial executive of the National Council of Women was held on Tuesday at 413 Granville Street, when resolutions submitted by the Provincial W. C. T. U., the Victoria and New Westminster Local Councils, were considered and reports and addresses heard.

The substance of the deliberations included recommendations for a hospital in connection with Police Court work; a blood test for persons contemplating marriage; provision for a better milk supply in the interests of children; prevention of children being out alone in public places late in the evening; and steps toward securing dower rights for women in British Columbia. Mrs. R. S. Day, president of the Provincial Council, was in the chair.

Mrs. Bunn addressed the gathering on the need of a hospital for victims of the drug habit or communicable diseases. The speaker drew attention to the increased number of such cases, and advocated a change in the laws whereby a magistrate would be empowered to sentence drug users to segregation until cured, giving them the best possible chance to redeem themselves and protect others.

**Types of Institutes.**  
The hospital recommended would be equipped for medical, occupational, educational, moral, spiritual, recreative and disciplinary treatment. The hospital, it is suggested, would be affiliated with the various industrial and welfare associations, and courts of the Province. The principles of the resolution, which was brought in by the Provincial W. C. T. U., were endorsed, and the formulators of the resolution appointed a committee to take the matter up with the Medical Association so that united action might be initiated.

**Urge Blood Test.**  
A second resolution brought in by the W. C. T. U. suggested that legislation be asked providing a medical examination before marriage by the Wassermann blood test was similarly disposed of. The alarming number of children playing on the streets late in the evening, and the need for amendments to the laws as a preventive measure was the substance of a resolution favoring legislation which would go to the length of deeming the child of any household "neglected" if permitted to be abroad in any public place unless accompanied by a guardian between the hours of 9 p. m. and 6 a. m., and that the responsibility be placed upon the parent or guardian. In the discussion on the resolution a women's patrol which would assist in seeing that children left the streets at night was suggested.

**To See Dairy-men.**  
Considerable discussion on the matter of securing milk with a higher percentage of butter fat arose out of a resolution emanating from the Working Women's Association of New Westminster, resulted in the appointment of Mrs. S. D. Scott, of Vancouver, and Mrs. Godfrey Smith, of New Westminster, as a committee to confer with the Dairy-men's Association and report back such information that would allow of action being asked of the Provincial Legislature at the next session.

Speaking on this question were Miss Crease, Mrs. Godfrey Smith, Mrs. Paul Smith, of New Westminster; Mrs. M. J. Currie, of Cloverdale, and Mrs. Martindale, of Nanaimo.

Mrs. M. J. Currie, of Cloverdale, representing the King's Daughters, spoke briefly, recommending more active assistance to the prohibition movement.

**Dower Rights.**  
That the disability preventing clergymen from sitting on municipal or school boards be removed by legislation, was a resolution from the Victoria council endorsed without discussion.

Legislation which will secure for women "dower rights" will be considered by the council not having already done so, after which it is intended that definite action be taken, it was decided.

A suggestion from Mrs. J. H. MacGill, judge of the Juvenile Court, that more of such courts be established in the province, was recommended for further consideration by each council.

Mrs. S. D. Scott gave notice of motion that the vexed question of proxies at the national council annual meeting would be brought at the next meeting of the provincial council.

It was asked that the matter of granting the franchise to Chinese be taken up by the council with a view to action, but it was considered that this was too serious a matter to be decided hurriedly. Mrs. Spofford and Miss Crease were appointed to investigate and report at the next meeting.

**Mothers' Pensions.**  
The executive signified its approval of the petitions in favor of mothers' pensions going forward to the Legislature. Routine business included correspondence, the financial statement and the interim report by Mrs. Spofford, provincial secretary.

Votes of thanks were tendered to the I. O. D. E. for the use of their room, to the Vancouver council for its hospitality and to the speakers.

## Handbags and Purses for Women in All Qualities and Styles

You will have to see this stock of Handbags and Purses to appreciate the splendid assortment on display. Handbags in leather of all kinds, neatly made and fitted with all styles of handles. Handbags in silk and beaded qualities. Vanity Cases and the new Victory Tank model, nicely fitted. ### A BEDTIME STORY

Uncle Wiggily and Neddie's Cabbage

Copyright, 1919, by McClure Newspaper Syndicate.  
(By Howard R. Garis.)

Once upon a time, as Uncle Wiggily Longears, the bunny rabbit gentleman, was hopping through the woods, he saw Neddie Stubbly, the boy bear, playing with a large head of cabbage. The cabbage was swinging from the high branch of a tree on a long rope of wild grapevine.

"What are you doing, Neddie?" asked the bunny.

"Oh, taking my morning exercise," answered the boy bear. "You see I have a little cold, so I get warmed up by swatting this cabbage as it swings to and fro. Watch me."

Neddie struck the swinging cabbage with his paw. It moved away from him, and then quickly moved back again, banging the boy bear in the face.

"Ouch!" cried Neddie. "I got it in the nose that time! Luckily it's a soft cabbage, and didn't hurt much."

Neddie rubbed his nose as he sat on his haunches under the swinging cabbage that dangled from the end of the long grapevine rope.

"That seems to be lots of fun!" laughed Uncle Wiggily. "Let me see you do it again, Neddie!"

So after he had chewed up the mouthful of shredded cabbage that he had pulled off with his claws just before Uncle Wiggily came long, Neddie began to swat the vegetable once more.

Every time he hit it with his paw the cabbage head would swing to one side. Then, when it swung back again, Neddie would hit it once more.

That is, he would sometimes, and again, he would miss hitting the cabbage head, and it would hit him on the nose. But, being a soft head of cabbage, it did not hurt the boy bear very much.

"How's your cold?" Uncle Wiggily wanted to know.

"Oh, I'm so warm now, from having hit the cabbage so much, that I haven't any more cold!" laughed Neddie. "Here, you like cabbage, Uncle Wiggily, have some," and he clawed off some tender leaves for the bunny rabbit.

That left nothing but the cabbage stump, and while Uncle Wiggily was eating the white, tender leaves Neddie pulled the stump down.

"No use leaving that hang up," said the boy bear. "I'll fasten up this big, round, stone, instead. The dangleing stone will keep the grapevine rope from blowing away until I want to use another cabbage head to it."

So the boy bear fastened a big, round, hard, heavy stone on the end of the swinging grapevine rope. The stone was as round, and looked something like a head of cabbage.

"Now we'll go home," spoke Neddie, but, just as he and Uncle Wiggily were going to walk away through the woods, having eaten most of the cabbage leaves, there was a rustling in the bushes, and out popped the bad old blue nosed baboon.

"Ah, ha! I am just in time, I see!" gurgled the baboon.

"In time for what?" growled Neddie. "If you mean in time to play swat the cabbage with me you're too late. The cabbage is all gone!"

"I wasn't speaking of cabbage," said the baboon. "I mean I'm just in time for Uncle Wiggily's souse. And I'll take some of yours too, Neddie Stubbly!"

Now the little bear boy and Uncle Wiggily were much frightened, for the blue-nosed baboon was very big. The bad chap hopped over toward Uncle Wiggily, but, as he did so, the baboon happened to hit the big, round stone that Neddie had tied to the dangleing grape vine. The stone swung a little to one side, and, swinging back, struck the baboon on the paw.

"Here! Quit that! Don't get funny with me!" howled the baboon, and he

#### Do You Know Her?

She is everywhere. You cannot defy her; you cannot escape her.

### Social Personal

Hugh Gleason, of Nanaimo, is registered at the Empress Hotel.

A. McRae, of Revelstoke, is registered at the Empress Hotel.

Major J. F. McKinley, of Ottawa, is a guest at the Empress Hotel.

F. C. Pickwell, of Winnipeg, western representative of the "Saturday Night," is in this city on a short visit.

Mrs. Douglas McCannan will be the soloist at a choral concert in Seattle under the direction of Professor Madden.

Mrs. E. M. Love, of Craigdarroch, returned on Tuesday from Vancouver where she has been visiting friends for the past two weeks.

On Tuesday, November 11, the Ladies' Guild of the Navy League will hold their birthday tea at the Connaught Seamen's Institute. It is hoped that Lady Zimmo, who is vice-president of the Ladies' Guild in London will be present.

Horace Culver, of Victoria and Seattle, is leaving to-day for Texas en route for England, where he will devote some time to mining and shipping matters and pay a visit to his former home. Mr. Culver expects to return to Victoria in March next.

E. M. Haynes, of Victoria, assistant postoffice inspector, has arrived in Prince Rupert after inspecting offices along the G.T.P. Mr. Haynes left later for Stewart and will remain in this district for a week or so to make inspections at Alice Arm, Anxox, Naas River and other points.

E. H. Fletcher, postoffice inspector, will go north about the end of the month, it is expected.

Mrs. J. W. de B. Farris returned on this morning's boat after an absence of six weeks in the east, during which she attended the Queen's University celebration at Kingston and visited in Toronto, Montreal, Ottawa, Halifax and in New Brunswick. She was accompanied from the east by her brother, Capt. Ronald Keirstead, D. S. C., of Toronto, who saw considerable service overseas with the Royal Naval Air Service. Capt. Keirstead will be the guest of the Attorney General and Mrs. Farris at their home at Powl Bay Road for the next few weeks.

Miss Florence Parbury, of London, England, has arrived in New York from Newfoundland, where she was the guest of the Governor, Sir Alexander Hogg. Later she made a delightful trip through Eastern Canada and was a notable guest at leading social events in honor of His Royal Highness, The Prince of Wales. In Toronto she visited Brigadier-General Sir Henry and Lady Pellatt at Casa Loma. She is one of the celebrated beauties presented at Court during the present reign and among distinguished patrons of her great war work activities in London have been H.R.H. The Duke of Connaught, H.R.H. Princess Louise, Duchess of Argyll, the Marchioness of Londonderry, the Earl and Countess of Lindsey, Evelyn, Countess of Ancaster,

the Countess of Limerick, Viscountess Churchill, and many others.

Miss Gladys Pitts is visiting in Vancouver for a few days, the guest of Miss Dorothy Waghorn.

Mrs. J. H. King, wife of the Minister of Public Works, is visiting her sister-in-law in Vancouver, Mrs. Malcolm B. King for a few days.

Right Rev. Bishop of Columbia went over to Vancouver yesterday to attend the conference of the Anglican and Presbyterian Churches in the Mainland City.

Miss Crease returned to the city this morning from Vancouver, where she has been attending the Child Welfare Convention and the meeting of the provincial executive of the National Council of Women. While in Vancouver Miss Crease was the guest of Mrs. A. U. de Pencier.

The executive of the Women's Canadian Club have extended an invitation to the Men's Canadian Club to participate in the reception to be held at the Empress Hotel to-morrow afternoon in honor of Sir Arthur and Lady Currie. The function is to be held in the ballroom between the hours of 4 and 6 o'clock.

Mr. and Mrs. Fred Stacey were at home to their friends in their new home at Garden City on Saturday evening last, when they received a warm welcome home. Mr. Stacey went overseas with the 103rd Battalion, C. E. F., and only returned from England two months ago accompanied by Mrs. Stacey, who was formerly Miss Whitley, of Winchester, England. Music and games helped the pleasant evening to pass all too quickly.

899 Johnson Street.

Referring to the Prohibition Act which he declared had come into being largely as the result of the activities of the women, the Premier observed that time was bringing to light a number of faults in the Acts. The necessity of empowering medical men to prescribe stimulants had led to grave abuse, amounting to a scandalous state of affairs. He believed the time was not far distant when the matter would again have to be submitted to the people, when he felt sure that the women of the Province would cast their votes on the side of the right.

Old Order Changeth.

The political upheaval in Ontario revealed the unmistakable signs of the times, continued the Premier. The people had shown that they were not satisfied with the lines laid down by the old political parties, and that they meant to enforce their demands irrespective of any of the old political affiliation. Referring to the requests often made to the government, the Premier declared that his experience in public life had impressed him with the idea that very few people understood the present system of government, and were very hazy upon the jurisdiction of the provincial legislature and the federal house. He would like to see the government prepare a brochure of the British North America Act for distribution among the public generally and for the instruction of the rising generation.

Church Forward Movement.

Mrs. Schofield, wife of the Bishop of Columbia, gave a life and interesting address upon the Inter-Church Forward Movement. It was proposed, said the speaker that Provincial Conventions would be held at important centres throughout the Dominion from November 24 to December 5, at which addresses would be given by distinguished religious leaders from Britain, the United States and Canada.

"Many are hoping that this movement will arouse the indifferent and make the nominal Christians alive to their responsibilities," said the speaker.

Other speakers at the evening session included C. E. Whitney-Griffiths, secretary of the Advisory Board to the Farmers' Institutes, and H. Plakett, of the Dominion Observatory, the latter giving an interesting illustrated lecture on Astronomy.

Vote of Confidence.

At the afternoon session, a number of resolutions were passed by the meeting dealing with such subjects as the protection of migratory birds, the imposing upon the Asiatic population of the same laws of sanitation as govern the white man in British Columbia; that the Doukhobors be asked to register births, deaths and marriages, and that they be forced to discontinue their nude parades; and that Doukhobor children be forced to attend school. A resolution sponsored by West Saanich Institute, asking that the Secretary to the Women's Institutes be elected by the Institutes, and that the presidents be elected from the floor instead of by the Advisory Board was passed.

Before the meeting closed, it was announced that Mrs. Blackwood-Wileman had been elected by acclamation to represent the Vancouver Island Women's Institutes on the Advisory Board. The members passed a standing vote of confidence in Mrs. Blackwood-Wileman, in expression of their appreciation of her helpful service.

## IN WOMAN'S DOMAIN

### PREMIER SPEAKS TO WOMEN IN CONFERENCE HERE

Reviews Recent Legislation;  
Women's Institutes Pass  
Many Resolutions

After a three days' session at which many matters affecting women in the rural communities have been discussed, the conference of the Women's Institutes of Vancouver Island terminated last night. An interesting feature was the address by Premier Oliver, in which he reviewed the legislation that had resulted largely through the efforts of the women of the Province.

#### Women and Laws.

The last few years had brought the women rapidly to the front with the result that public men had of necessity given more attention to the requirements of the women than had been the practice in the past, said the Premier. As a consequence there were more happy homes in the Dominion, and domestic conditions had been tremendously improved. Citing the legislation which had proved of especial benefit to domestic conditions he referred to the Act calling for the testing of animals for tuberculosis; the Eggs Mark Act; the Act calling for the revoking of wages semi-monthly instead of monthly or quarterly, thus doing away with much of the evil of the credit system; the Workmen's Compensation Act; the Minimum Wage Act; Prohibition Act; the Marriage Act, giving equal guardianship rights to mother and father; the Interstate Estate Act and many others.

Referring to the Prohibition Act which he declared had come into being largely as the result of the activities of the women, the Premier observed that time was bringing to light a number of faults in the Acts. The necessity of empowering medical men to prescribe stimulants had led to grave abuse, amounting to a scandalous state of affairs. He believed the time was not far distant when the matter would again have to be submitted to the people, when he felt sure that the women of the Province would cast their votes on the side of the right.

Old Order Changeth.

The political upheaval in Ontario revealed the unmistakable signs of the times, continued the Premier. The people had shown that they were not satisfied with the lines laid down by the old political parties, and that they meant to enforce their demands irrespective of any of the old political affiliation. Referring to the requests often made to the government, the Premier declared that his experience in public life had impressed him with the idea that very few people understood the present system of government, and were very hazy upon the jurisdiction of the provincial legislature and the federal house. He would like to see the government prepare a brochure of the British North America Act for distribution among the public generally and for the instruction of the rising generation.

Church Forward Movement.

Vote of Confidence.

At the afternoon session, a number of resolutions were passed by the meeting dealing with such subjects as the protection of migratory birds, the imposing upon the Asiatic population of the same laws of sanitation as govern the white man in British Columbia; that the Doukhobors be asked to register births, deaths and marriages, and that they be forced to discontinue their nude parades; and that Doukhobor children be forced to attend school. A resolution sponsored by West Saanich Institute, asking that the Secretary to the Women's Institutes be elected by the Institutes, and that the presidents be elected from the floor instead of by the Advisory Board was passed.

Before the meeting closed, it was announced that Mrs. Blackwood-Wileman had been elected by acclamation to represent the Vancouver Island Women's Institutes on the Advisory Board. The members passed a standing vote of confidence in Mrs. Blackwood-Wileman, in expression of their appreciation of her helpful service.

### WOMEN TO RUN FOR CIVIC HONORS; MUST REGISTER AT ONCE

In view of the certainty that women will be in the field for municipal honors at the election in January, registration on the voters' list this year is of particular interest to the women of Victoria. As yet a very small number of women have bothered themselves to register, and thus qualify themselves to vote at the civic poll. Registration will end to-morrow, the last day of the month. After that date no man or woman who is not a property owner will be able to qualify for an exercise of the franchise.

There is no doubt that at least one woman will be in the aldermanic contest at the civic election, and there is a big probability that one of the larger local women's organizations will have candidates in the field.

### Y. W. C. A. BAZAAR A GREAT SUCCESS

C. H. French Gives Lecture;  
Good Sum of Money Is  
Raised

Between two and three hundred dollars will be netted as a result of the very successful bazaar held in St. Andrew's Presbyterian Sunday School Room and the lecture given there last night by C. H. French under the auspices of the Y. W. C. A. The Association is endeavoring to wipe out the balance of arrears incurred during the dark days of the war.

The bazaar was opened by Mrs. W. J. Bowser at 3 o'clock yesterday afternoon, Mrs. Bowser being introduced by the President, Mrs. J. L. Beckwith. Miss Patricia Ellis presented Mrs. Bowser with a beautiful bouquet of flowers. Mrs. Beckwith and the members of the directorate were greatly delighted with the large attendance and the success attending the affair. The arrangements were under the direction of Mrs. George Piercy, assisted by Miss Gilbert and others. The artistic decorations were carried out under the direction of Mrs. Collis and decoration committee. The following ladies were responsible for the various booths: Mrs. Rowlands, Mrs. Alexander and Miss A. Wright; aprons, Mrs. C. H. French; books, Mrs. F. Niven; lavender, Mrs. Frank Adams; white elephant, Mrs. Gordon Hurd; Misses Tavenner; generous goose, Miss Ryall and Miss Lowther; plants and flowers, Miss Bromley-Jubb and Miss Dowie; fortune-telling, Mrs. McConnell; advertisement competition, Miss Stephens. The arrangements for afternoon tea, which was served at daintily appointed tables, were in the hands of the following committee: Mrs. Hanby, convener; Miss Gilbert, Mrs. Howell, Miss Piercy, Miss Beth Collis, Miss Heister Cleveland, Miss Beth Killin, Miss Holliday, Miss McAdam and Miss McIntyre.

Mr. French Speaks.

In the evening C. H. French gave a splendid lecture on the Indians of Canada and the fur-trading in the Canadian Northwest. The lecture was illustrated by slides shown by A. H. Maynard.

After the introduction by J. L. Beckwith, of the Men's Advisory Board, who acted as chairman, Mr. French said that the work of the Young Women's Christian Association appealed to him very much. It was not a charity but it was maintained for the protection of self-supporting young women, providing them a safe and comfortable home. The institution was not run for profit but charges were kept within reason. During the war the Board of Directors had found it impossible to make ends meet and the institution got behind to the extent of about \$4,000. During the past two years strenuous efforts had been made to overcome this deficit and by means of bazaar, teas, and on tag day, this indebtedness had been reduced to about \$1,000, and at the same time the Association had been paying its way.

Other speakers at the evening session included C. E. Whitney-Griffiths, secretary of the Advisory Board to the Farmers' Institutes, and H. Plakett, of the Dominion Observatory, the latter giving an interesting illustrated lecture on Astronomy.

Vote of Confidence.

At the afternoon session, a number of resolutions were passed by the meeting dealing with such subjects as the protection of migratory birds, the imposing upon the Asiatic population of the same laws of sanitation as govern the white man in British Columbia; that the Doukhobors be asked to register births, deaths and marriages, and that they be forced to discontinue their nude parades; and that Doukhobor children be forced to attend school. A resolution sponsored by West Saanich Institute, asking that the Secretary to the Women's Institutes be elected by the Institutes, and that the presidents be elected from the floor instead of by the Advisory Board was passed.

Before the meeting closed, it was announced that Mrs. Blackwood-Wileman had been elected by acclamation to represent the Vancouver Island Women's Institutes on the Advisory Board. The members passed a standing vote of confidence in Mrs. Blackwood-Wileman, in expression of their appreciation of her helpful service.

### OBITUARY RECORD

The remains of the late Frank Henry Cook were laid to rest in Ross Bay Cemetery yesterday afternoon. Service was conducted in the B. C. Funeral Chapel at 2 o'clock, the Rev. Wm. Stevenson officiating. There was a large attendance of friends and many floral tributes covered the casket. Two hymns were rendered: "Lead, Kindly Light," and "A Few More Years Shall Roll." The following acted as pallbearers: A. J. Knowlton, P. Wells, E. J. Merrett, G. E. Davidson, E. Smart and H. W. Hitchman.

At the Jubilee Hospital last evening, the death occurred of Isaac Reno, aged 52 years. He was a native of Belgium and had been a resident of this city for the past fifteen years, and was a member of the Longshoremen's Union and of Aerie No. 12, Fraternal Order of Eagles. He is survived by relatives in Belgium. The remains are resting at the Sands Funeral Chapel, pending funeral arrangements.

John Currie, a resident of this city for the past thirty years, passed away last night at the Jubilee Hospital at the age of 82 years. He was born in Nova Scotia and lately has been residing at the Western Hotel. Funeral arrangements will be announced later by the Sands Funeral Co.

The remains of Margaret A. Munro were laid to rest yesterday afternoon at Ross Bay Cemetery. Services were held at the Thomson Funeral Home at 2:30, the Rev. Dr. MacLean officiating. There was a very large attendance.

## BEFORE "SAND-MAN" COMES

Prepare for a Clear, Bright Day To-morrow by  
Taking "Cascarets" for Liver and Bowels

"Cascarets" to-night—sure! Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head dull and aching and your system full of cold. Your meals are turning into poisons, gases and acids. You cannot

feel right. Don't stay bilious or constipated. Feel splendid to-morrow by taking Cascarets before you go to bed. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh Pills. They cost so little too—Cascarets work while you sleep.

## FOUR THOUSAND MAY HEAR GYPSY SMITH NIGHTLY

"Message Will Be Honest Appeal to the Citizens,"  
Says Mr. Smith

Between four and five thousand persons will be able to hear Gypsy Smith, the famous evangelist, at his meetings each evening at the Armory, Bay Street. It is the largest auditorium in Victoria. The committee looks for a record attendance to compare favorably with the magnificent meetings which the evangelist has secured in Vancouver at the Horse Show Building.

The evangelist will begin his mission here this evening, having arrived in Victoria yesterday afternoon. This morning he met members of the local committee, and later in the day was the chief speaker at the Rotary Club Victory Loan luncheon. He will speak every afternoon at 3 o'clock at St. Andrew's Presbyterian Church and every evening at 8 o'clock at the Armory until the close of the mission here on November 11.

There is nothing of the bombastic nature about Gypsy Smith, and interviewed this morning by a Times representative he spoke of the wonderful work which he has carried on during his very extensive travels in five continents. He comes to Victoria at the invitation of the local ministers.

"My message is an honest appeal to the citizens of Victoria, to call them back to the faith of their fathers and mothers," he said, "to consider the claims of God above the individual and the community and the responsibility of each to his God and his neighbor, which we are so apt to forget in the din of the times, the pleasures of the multitude and other things, including the foundation evil of all 'self' which I would spell in large capital letters."

"All these things are bound to make us only too ready to forget, and once in a while God sends forth a special agent to call a halt and to make us remember, *Let Us Forget!*"

"I come as a friend of all and the enemy of none. While I am working with the churches and for the churches, my message of course will be to them and to the people outside, for I know no difference, especially for my three and a half years with the boys in the trenches, in the hospitals and in the convalescent camps."

"Like them, I have been right up against things, the realities of that other world where sectarianism and denominationalism have to take a back seat and the great eternal needs of men make them think only of the things that matter."

"I am looking for just as great a success in Victoria as I have had everywhere else, and more recently in Winnipeg and in Vancouver, where the crowds were phenomenal and the results wonderful. Last Sunday night I preached to 12,000 people in Vancouver and talked to between seven and eight thousand men in the afternoon."

"I have preached on five continents to more people than any living man, and my experience is that deep down in the human heart there are chords which nothing else will reach but the old message of the Gospel of God's love for the fallen world. It is like the key fits the lock when nothing else will do it. The same refined presentation of that message always finds a response, for the human heart is very hungry."

Born in Epping Forest, England, the evangelist was seventeen before he knew "what the experience was to sleep under a permanent roof. His mother died early in life, and he lived the life of a gypsy till he was converted and learned to read. In June, 1877, he became an evangelist."

## RETURNED SOLDIERS AND WOMEN MUST STILL PAY TO VOTE

Find Road Tax Exemption  
Disqualifies Them, Unless  
They Own Property

Registration to vote at the municipal election next January closes at 5 o'clock Friday afternoon. For those who do not visit the City Hall during the day to register, City Clerk Bradley will be at his office from 7 to 9 o'clock to-night only to receive names. Registration will proceed all day to-morrow up until 5 p.m.

Returned soldiers are not to be a factor in the coming municipal elections, unless they own property, are more than sixty years of age, or pay \$2 for the privilege of voting.

Returned men, who during the last couple of months have begun to take a sudden interest in the activities of the City Council, have been presenting themselves at the City Hall in large numbers during the last few days so that they will be able to express their opinions through the ballot box in January on what is going on at the City Hall.

Most of them hailed with delight the reported generosity of the aldermen in exempting returned men from the \$2 road tax. However, when they present themselves to register for the civic elections they are informed that it will cost them \$2. When they are told this, the soldiers express in rather strong language what they declare is their disagreement with the supposed generous action of the aldermen which turns out to be fictitious.

Women are also expressing their disappointment at the actions of the council, as they are included with returned men under the exemption from road tax clause, which proves of little service as the only privilege the payment of the \$2 confers on anyone is the right to vote.

The fact that women cannot vote as long as they accept exemption from the payment of the \$2 tax, did not deter six young women employed in one of the big stores from getting their names on the list yesterday. When they discovered how things stood they immediately went to the treasurer's office, paid their \$2 and presenting their receipts to the city clerk, had their names put on the list.

Registration Qualifications. During the last couple of days since rumors began to spread through the city of various men, including returned soldiers, and possibly some women, preparing to enter the municipal campaign, registration has been booming at the City Hall. Registration ends Friday afternoon at 5 o'clock. For those who cannot register during the day, the city clerk's office will be kept open Thursday night from 7 to 9 o'clock.

Members of any active militia force of Canada resident here can be registered on application without the payment of a road tax or property qualification. The qualifications for other persons are residence in Victoria since January 1, 1913, exemption from payment of the road tax through being more than sixty years of age, or the payment of property taxes amounting to more than \$2. Payment of water rates or dog taxes does not constitute qualification.

The qualifications for other persons are residence in Victoria since January 1, 1913, exemption from payment of the road tax through being more than sixty years of age, or the payment of property taxes amounting to more than \$2. Payment of water rates or dog taxes does not constitute qualification.

## SOLDIERS MAY NOT GET THE HOUSING REPORT TO-MORROW

Although Major J. W. Clark and other returned soldiers will appear before a special meeting of the Aldermen to-morrow afternoon and plead for some action on the housing scheme, it was intimated at the City Hall to-day that the report of the Aldermen Sargent and Patrik committee will not be presented to-morrow, as was promised.

According to information that has been given to some of the returned soldiers, the report has been ready for some time and they say they are anxious to have it made public. It was said at the City Hall that the reason for the postponement of the presentation to-morrow is the illness of one of the members of the committee.

## Are Your Bowels Stagnant? Have You Indigestion?

When a Quarter Will Buy You  
a Guaranteed Remedy, Why  
Not Use It To-day?

Many a person carries around in their system a cesspool composed of half-digested, putrid, decaying food that the overloaded stomach can't get rid of because of constipation. No wonder that anaemia, blood rashes, headache and rheumatism are so common. No better cure is known than DR. HAMILTON'S PILLS OF MANDRAKE AND BUTTER-NUT. Taken at night, you're well next morning. They flush out the system, sweeten and tone the stomach, improve digestion, filter and purify the blood, restore lost complexion, give vim, buoyancy and robust good health to young and old. To look, feel and always be at your best, use DR. HAMILTON'S PILLS regularly, 25c. per box.

## WILL INQUIRE INTO COMPENSATION CASE

Mr. Justice Clement to Find If  
Liquor People Entitled to  
Recover

An Order-in-Council passed by the Oliver Cabinet and signed by His Honor the Lieutenant-Governor this morning creates a Commission under the Public Inquiries Act, with Mr. Justice Clement as the Commissioner, to inquire into the question of compensation in respect of losses alleged to have been sustained by persons, firms and corporations by reason of the operation of the British Columbia Prohibition Act.

Terms of Commission. The terms of the Order-in-Council are as follows:

The Honorable W. H. P. Clement, one of His Majesty's Justices of the Supreme Court of British Columbia, be appointed Commissioner to inquire and find:

1. Whether by reason of the operation of the British Columbia Prohibition Act, there are any classes of persons, firms or corporations who have suffered losses and who are entitled to be compensated by the Province of British Columbia in respect of such losses;
2. What classes of persons, firms or corporations (if any) are so entitled to compensation;
3. In what manner were the losses (if any) of each such class sustained;
4. On what basis should compensation (if any) to each of such classes be determined.

Full Report to Members.

Premier Oliver stated to The Times representative this morning that an official stenographer would take down the whole of the evidence produced before the Commission, and that a complete copy of the whole would be in the possession of each member of the Legislature by the time Parliament meets in January.

He explained further that the appointment of the Commission is in keeping with the promise made by Mr. Bowser at the time the Prohibition Bill was introduced into the Legislature and in harmony with the conditions of the referendum taken at the time the referendum was taken in 1916.

In the early days of his office the late Premier Brewster declared in the Legislature that the promise made by the former Premier would be kept in proper season, while Mr. Oliver has on more than one occasion, reaffirmed his predecessor's opinion on the question.

Although the Premier was not in any way inclined to give an expression of view as to what course the Legislature might take, it is generally regarded as certain that the members will digest the Commission's report in sufficient time to take such action as a majority in the House may determine at its next session.

### NEWS IN BRIEF

Bank Clearings.—Bank clearings for the week ending to-day were \$2,260,568, as compared with \$1,563,306 in the corresponding week of 1918.

Drunks Are Fined.—P. S. Allen, George Sorenson and J. Thornton, were fined \$5 each by Magistrate Jay in the City Police Court this morning, on being found guilty on the charge of being drunk.

Was Heavily Fined.—J. McLellan appeared in the police court this morning charged with having liquor in other than a private dwelling. Accused was found guilty, and Magistrate Jay imposed a fine of \$10. McLellan explained that the liquor was brought to his room by friends.

Cases Remanded.—The cases of Ross Ledford, held under a vagrancy charge and that of M. Blaney, charged with the theft of a coat belonging to Mrs. Mounce, have been remanded by the Police Magistrate until Monday. In the latter case Mr. Moresby said that no plea would be entered and accused was allowed out on bail in two sureties of \$250 each.

Held Masquerade Dance.—Under the auspices of Victoria Lodge No. 1, A. O. U. W., a most successful and enjoyable Halloween masquerade dance was held at the K. of C. Hall last night. Over one hundred dancers were present, each in gay costume and mask, and the scene was a joyous one. An especially attractive programme of dance music was furnished, and during the evening a buffet supper was served. Much of the success of the affair was due to the efforts of Bros. Wriglesworth, Barker, Walker and Jones and Sisters Wriglesworth and Barker.

Canadian Club Reception To-morrow.—To-morrow afternoon at the Empress Hotel the Women's Canadian Club will hold a reception in honor of Sir Arthur and Lady Currie. The members of the executive will assist the officers in receiving the guests. A musical programme has been arranged and tea will be served during the afternoon. The members of the Men's Canadian Club have been asked to join the Women's Club in honoring the distinguished guests at the reception.

Hunter Is Fined.—Two young hunters named Simpson appeared in the Saanich Police Court this morning charged with evading and obstructing a game warden in the exercise of his duty. The game warden

At \$1.75—Included are low, medium and high bust models, with plain or elastic tops. Well made and boned, in coutil or batiste. Sizes 19 to 30.

At \$2.50—Low and medium bust models, in white or pink coutil. Some have all round elastic tops, others plain tops with elastic gores in the skirt.

At \$3.50—Made of extra heavy or medium weight coutil, in white or flesh. Several good styles are shown, including some with double skirts. Low, medium and high bust styles; 19 to 31.

## REMNANT DAY TO-MORROW

A particularly fine collection of Remnants will be offered to-morrow morning. Included are useful lengths in silks, dress goods, coatings, velvets, velveteens, linings, suitings, cottons, flannelettes, shirtings, towings, cotton dress fabrics, laces, ribbons, etc., etc. All to be offered to-morrow at greatly reduced prices.

## Demonstration of Harriet Hubbard Ayers

### Toilet Preparations

To-morrow a demonstrator will be in attendance at our toilet goods section to explain the various Ayers preparations. She will gladly show you, if requested, how to massage your face, reduce double chin, remove unsightly wrinkles and frown lines, and improve your complexion.

These preparations include the finest of Face Creams, Powders, Complexion Lotions, Talcums, Shampoos, Soaps, Perfumes and other toilet requisites. We are sole agents in this city for Harriet Hubbard Ayers toilet preparations.

Phones 1876, First Floor 1877, Blouses, Lingerie and Corsets 1878.  
Sayward Building, 1211 Douglas St.

admitted that he did not demand that they should stop in the name of the law, and the brother who kept on going was dismissed by Magistrate Jay. The other brother, charged with giving false information, did stop and, according to the evidence, although he at first gave evasive answers, finally told the truth before the game warden left him. He was fined \$10.

Motorists Fined.—For failing to light their tail lamps of their automobiles after sundown, the following were fined \$5 each in the city police court this morning: G. E. Grier, W. Webster, G. Minty, L. Gunter, L. E.

Richards, Wah Lee, Dr. A. L. Garcesche. Dr. Poyntz was fined \$10 for passing a standing street car. H. B. Berkes and Fred Moore were fined \$10 each for exceeding the speed limit. M. Millard pleaded not guilty on the same charge and was remanded until to-morrow.

### CITY COUNCIL DOINGS

To put through the license reduction will require some tall hustling. Meantime lots of corns will be tramped on. The cure is "Putnam's," the old reliable corn extractor that has been curing corns and warts for years. "Putnam's" never fails, 25c. at all dealers.

### HOPE ABANDONED.

Stuebenville, Ohio, Oct. 30.—After battling their way to within 150 feet of where twenty miners have been imprisoned since yesterday morning, rescue workers were ordered out of the Y. & O. mine at Amsterdam, Ohio, this morning, by mine officials, and state mine inspectors, who feared an explosion might occur, according to word received here. Hope has been abandoned that the miners are alive.

"Where do you suppose the children pick up all their slang?"  
"You can search me."

DOMINION

"Girls," as the title of the big  
Paramount picture at the Dominion  
might lead you to expect a frivolous  
film featuring a cast of screen beau-  
ties. The beauties are there, right  
enough, headed by dainty Marguerite  
Clark.

But there is something more than  
triviality in this picture. It is one of  
the great satires of Clyde Fitch,  
the master genius of American play-  
wrights who died in his prime. There  
is humor sparkling through every  
scene; but there is also a vital theme

## AMUSEMENTS TO-DAY

Pantages—Vaudeville.

Royal Victoria—Mabel Normand  
in "Upstairs."

Dominion—Marguerite Clark in  
"Girls."

Variety—John Barrymore in  
"Raffles."

Columbia—Hedda Nova and J.  
Frank Glendon in "By the World  
Forgot," and Charlie Chaplin and  
Fatty Arbuckle in "The Pugilist."

Romano—Montagu Love in "To  
Him That Hath," and serial, "The  
Tiger's Trail," featuring Ruth Rol-  
and.

and a gripping story with a great  
star who does perhaps her best work  
in portraying the ingenious girl of  
the author's imagination.

A pretty but haughty little girl is  
lured in a childish flirtation. She  
wears a life-long hatred to the mas-  
culine sex and forms a man-haters'  
club with two girl chums. The other  
two members eventually succumb to  
Handsome Dan, the boy god; and, de-  
spite her stubborn resistance, the self-  
styled man-hater herself is forced to  
a delightful capitulation by the call of  
love.

A great author—a great actress—a  
great producer—what more can be  
asked of a picture.

## ROYAL VICTORIA

Mabel Normand, the rampish lit-  
tle Goldwyn comedy star, will ap-  
pear for the last time to-night at  
the Royal Victoria Theatre in her  
new picture, "Upstairs."

The whimsical actress is seen as  
the molder of fancy ice creams in  
the cellar of a palatial hotel. She  
wears boy's togs, a rakish cap, and  
boots far too roomy for her tiny feet.

A feature of her rig is the enor-  
mous shoes, of wooden sole and rub-  
ber top—to flip-flop around the  
ice cream freezers in the dark cel-  
lar of the place where "upstairs" is  
a fairyland to her.

Through the aid of a supposed  
bell-boy, played admirably by Cullen  
Landis, she is able to view the higher  
precincts of the hostelry in a fine  
lady's gown.

But her shoes! She is so en-  
tranced by the finery that she for-  
gets her awkward footwear until  
she is in the lobby. The elevator  
operator laughs at her, but she  
scorns him, parading in fine style  
until, bump! She stubs an un-  
gainly toe on a monster heel, and  
comes up frowning, only to discover  
the absence of proper slippers.

Her wits are at an end, until she  
spies a lady at a writing desk with  
slippers removed from burning feet,  
so she sidles over, starts a note,  
then ships the clod-hoppers off and  
the lady's pumps on. She makes  
her escape, but runs smack into a  
detective—now just what would you  
have done if you were this maraud-  
ing young child?

But see what Mabel Normand as  
the slavery did, and how she won a  
five-thousand dollar reward, mar-  
ried the "bell-boy" millionaire, and  
was happier than any girl in a fairy  
tale.

## VARIETY

It was in the "wee sma' hours of  
the morning." The guests had all  
retired, excepting Raffles, who prowled  
around in the great drawing room  
like a dim spectre in the shadows  
cast by the reflected moonlight  
from the great art-glass windows.  
The door softly opened and in came  
Crawshaw, a thief well known to the  
police of England. A maid appeared  
on the stair landing and at Craw-  
shaw's signal dropped Lady Melrose's  
wonderful diamond necklace, which  
had cost a small fortune. Crawshaw's  
hand was outstretched it catch it as  
it fell from the hands of his accom-  
plice, but Raffles was quicker than  
he, and in the twinkling of an eye  
the police had Crawshaw and Raffles  
had the necklace safely secreted on  
his person. Later Crawshaw escaped  
from the prison and Raffles made a  
wager with the inspector of Scotland  
Yard that he would not recover  
the necklace by midnight.

Crawshaw entered Raffles' room in-  
tent on getting back the prize for  
which he had bartered his liberty.  
Raffles disclaimed all knowledge of  
it and in the meantime the police,  
who had been following Crawshaw,  
were waiting to catch them in the  
act of dividing the booty. "Why,  
blasted yer, gov'nor, ye could take  
the fillin's from a cove's back teeth  
without disturbin' his conversation,"  
said Crawshaw. "Delicate sense of  
humor, eh, Bunty?" said Raffles to  
his friend, who was present at the  
interview, but how Raffles outwits  
the burglar and the police, as well as  
wins the wager, is much more inter-  
esting on the Variety screen, where  
the picture is being shown this week.

## PRINCESS

To-morrow evening will see the  
first performance of that delightful  
comedy, "Billy's Little Love Affair,"  
which Mr. R. N. Hincks is producing  
at the Princess. Miss Eva Hart, in  
the title role, has an excellent part

## Do You Know Her?

She is at the world's gam-  
ing tables, at your baker's,  
your grocer's, or your wife's  
costumer's.

## She Will Be at the Variety

to sustain, and one which by its  
splendid fulfillment will gain for this  
talented lady many new admirers.  
Capt. Hendy, who plays opposite to  
Miss Hart, has been allotted an  
equally important part, which he can  
be relied upon to perform with the  
same brilliancy of portrayal as was  
displayed in the last production in  
which he appeared ("His Excellency  
the Governor"). The remainder of  
the cast includes many well-known  
favorites, and an excellent evening's  
entertainment is assured, the play  
being breezy, clever and witty. The  
Princess Dramatic Society is bound  
to grow greater in public favor by  
their finished performance of this  
one of the most delightful comedies  
ever written.

## PANTAGES

From the time the ancient monks  
attempted to turn baser metals to  
gold, the white man has debased in  
the "black arts." But the oriental  
still holds the palm in all the arts of  
mystification. The greatest of the  
"how - in - the-world-does-he-do-it"  
men still come from Asia. The Kuma  
Four, who headline the Pantages bill  
this week are of these. They present  
a variety of baffling tricks, from  
making a woman disappear in plain  
sight of the audience and reappear in  
a locked cabinet, to the mystifying  
"levitation," in which a hypnotized  
subject floats in air. Dominique  
Amoros, the famed French comedian,  
assisted by a petite Parisienne, Jeane-  
ette, present a ridiculously funny act  
of songs, burlesque, eccentric dance  
and patter. Tarzan, the ape, is  
another of the attractions. Tarzan is  
one of the very few trained monks  
who has a real sense of humor. He  
smokes, rides the bicycle, boxes with

his trainer, and all through his act  
he manages to pull little comedy  
stunts which keep the audience in a  
roar. There are four other fifty  
turns to round out this particularly  
good vaudeville entertainment.

## COLUMBIA

Shanghaied by a rival at his  
bachelor feast, Derrick Van Beek-  
man, after a desperate voyage on a  
sailing vessel, is stranded on a little  
island, where he finds a beautiful  
daughter of an old race, the same  
blood as his own. Each learns to  
love the other, but he remains true  
to the girl he left behind, until she  
appears at the head of the rescuing  
party and learns that she really  
loved the rival all the time, leaving  
him free to marry the little island  
girl. This, in brief, is "By the World  
Forgot," the Vitaphone Blue Ribbon  
Feature, which will be the attraction  
in the Columbia to-day and for the  
remainder of the week, with an  
episode of the serial "The Red Glove"  
as an added attraction.

## ROMANO

Gilson Willets, who wrote the  
scenario of Ruth Roland's new Pathe  
serial, "The Tiger's Trail," the fifth  
episode of which will be shown at  
the Romano to-day, explained to a  
friend the other day how he at-  
tained the intimate knowledge of the  
tiger and his habits, which is mani-  
fest in the many scenes in which the  
lordly jungle monarch figures during  
the picture. "I have traveled a great  
deal in India," said Mr. Willets, and  
at one time I spent some time visit-  
ing the Prince of Baroda. He has a  
great collection of captive tigers, in  
fact, captive tigers seem to be a fa-

# Buy Your Blouses Direct from the Maker

WHEN you buy a blouse at a D'Alaird Store, you buy direct from the manufacturer at the manufacturer's price. D'Alaird Blouses are made in D'Alaird factories, and are sold exclusively in D'Alaird Stores. That is why you can buy "better" blouses here for less money. No middleman's profit need be added to the selling cost. Inspect the blouses—compare them—yourself. You are never urged to buy in a D'Alaird Store. We want you to feel free to come in often and see the interesting new styles which arrive each week, whether you are prepared to buy at the time or not.

## Save From \$2.00 to \$5.00 on Each Blouse

For instance, Crepe de Chine Blouses of the same heavy material which we sell for \$6.50 in our stores, would cost you, elsewhere, at least \$9.00. Georgette Crepe Blouses of a quality which sell most places for \$15.00 you can buy in the D'Alaird Stores for \$10.00. Blouses at other prices show the same proportionate saving.

See the interesting display this week of Georgettes, Crepe de Chines, Jap Silks and Voiles.

GEORGETTES	CREPE DE CHINES	JAP SILKS
Copies of the latest New York models, exquisite blouses beautifully beaded and embroidered. In all good colors and color combinations. \$8.50 up	The smartest and prettiest of blouses of the latest Crepe de Chine you have seen in months. Each blouse practically exclusive, as just three or four waists of each style are made up for each \$6.50 up	D'Alaird's are better known for their remarkable Jap Silks for business wear, possibly, than for any other type of blouse. Now showing many new styles, including the ever-popular plain tailored perfect. \$4.98 fitting models. \$4.98 up

## LADY BARNARD "AT HOME" TO CONFERENCE

Delegates of Institutes at Government House; Honor W. E. Scott

Lady Barnard was "at home" at Government House yesterday afternoon to the delegates and members of the Vancouver Island Women's Institutes, the delightful entertainment forming a pleasing culmination to the business sessions of the past three days. Shortly after four o'clock the party which numbered about one hundred reached Government House and were ushered through the flower-bedecked reception hall into the drawing room where Lady Barnard received her guests. The drawing room was lovely with huge bowls filled with pale pink chrysanthemums, the same flowers being used in the decoration of the dining room where tea was served, buffet fashion.

In addition to Mrs. Blackwood-Willeman, Mrs. V. S. MacLachlan, Mrs. F. B. Fadden, of Abbotsford, Mrs. McGregor, of Penticton, Mrs. Chalmers, of Thrums, and of the Advisory Board, the guests included Mrs. John Oliver, Mrs. J. D. MacLean, Mrs. C. de V. Schofield, W. E. Scott, former Deputy-Minister of Agriculture, Dr. D. W. McKinnon, Deputy Minister of Agriculture, and Mr. Warnock, C. E. Whitney-Griffiths, E. A. Pauline, M.P.P., as well as the members of the Institutes.

A pleasing feature of the informal affair was the presentation to W. E. Scott by Mrs. Blackwood-Willeman, on behalf of the Women's Institutes of the Province, of a handsome silver rose-bowl on an ebony stand, as a slight token of their esteem and appreciation of his never-failing courtesy and help during his regime as Superintendent of Institutes. In accepting the gift, Mr. Scott in a gracefully-worded little speech, thanked the members and briefly reviewed the history and work of the Institutes in British Columbia.

While tea was being served, Dr. Warnock, on behalf of the Advisory Board and members of the Institutes, tendered an expression of thanks to Lady Barnard for her generous hospitality.

## I. O. D. E. CHAPTER HELD JOLLY DANCE

Demonstration of Fancy Steps at Many League Chapter's Dance Yesterday

The members of the Navy League Chapter, I. O. D. E., departed somewhat from their usual custom last night by holding a dance, and the social and financial success of this initial effort will doubtless make it the precursor of similar events during the winter season. The ballroom in the Alexandra Club presented a charming appearance with its gay decorations of flags and foliage, furnishing a delightful setting for the two hundred dancers who took the floor. An interesting novelty was the demonstration of three popular ballroom dances by T. T. McCredy and his partner, Miss Richardson, the remainder of the dancers gathering around the walls of the ballroom and in the gallery to watch the experts in their graceful evolutions. Heaton's five-piece orchestra furnished a programme of the latest music, adding much to the pleasure of the dancers.

The general arrangements were in capable hands of Mrs. Gordon Smith and her able and energetic committee, Mrs. Whittier was convener of the supper arrangements, which was served at prettily appointed tables in the downstairs cafe; Mrs. Travers carried out the artistic decorative scheme of the ballroom and Mesdames Aldridge and Cookson officiated at the door.

At 3 o'clock this afternoon and 8 o'clock this evening, Rev. Henry Victor Morgan, of Tacoma, and Mrs. Annie Rex Millit, of the University of Christ, Los Angeles, will speak on "Mental and Spiritual Healing" at a union meeting to be held at 600 Campbell Building. Everyone is invited.

## SUNDAY'S INDUCTION AT ST. LUKE'S CHURCH

The picturesquely situated little church of St. Luke, Cedar Hill, was filled to capacity last Sunday morning on the occasion of the induction of the newly appointed rector, the Rev. G. A. Wells, the Bishop of Columbia conducting the ceremony and reading the charge.

The sermon was preached by the Bishop and Maunders' anthem was beautifully rendered by the choir, ably assisted by the Petch Bros. The church was very tastefully decorated, the decorations of the previous Sunday's Harvest Festival having been retained for the occasion. In the evening a large congregation assembled to hear a spirited address from the Dean.

The choir intend to practice an ambitious programme for the Christmas season, and it is sought to strengthen the choir by the addition of a couple of good bass voices. The choirmaster, L. C. Lytton, would be pleased to know of any bass singer willing to join.

Sailors' Club Masquerade.—The usual Thursday night at the Sailors' Club will take the form of a masquerade on the 30th. Price 50c.

Remember Friday, November 7.—Big masquerade ball, Alexandra Club—\$125 in prizes. Dominoes removed at 10.30, then grand march. Tickets at Strath's, Spencer's, Toggery Shop, O'Connell's and Macey's Stationery Shop.

On Visit Here.—Mrs. Anna Rix Millit, a prominent American lecturer on New Thought, who has been making a trans-continental tour of Canada and the United States, is visiting in the city for a few days.

Nordheimer Jacobson with Bench to match

THE craftsmen of an earlier day, who were responsible for the first Nordheimer Pianos, possessed that unique proficiency commonly called genius.

Their successors of to-day are equally worthy of the tribute we pay to genius.

To them has fallen the privilege of developing an ideal. On them has rested the responsibility of delving deeper into the myriad intricacies of the piano-maker's craft. For them has been reserved the honor of producing the present-day

## NORDHEIMER

an instrument possessing such purity and beauty of tone as to command for it the respect of a nation.

## VANDERBILT, JR., TAKES MOVIES OF B.C.

Is Now Operating With Party in the Rocky Mountains

Cornelius Vanderbilt, Jr., of the Vanderbilt family of New York, is now in the Rockies of British Columbia, and around Banff, Alberta, on an exploration trip, during which he is taking moving pictures of wild animal life. Vanderbilt last summer started out in life for himself, and started the New York society world by becoming a reporter on The New York Herald.

The moving pictures which he and his party will take will be presented to the film library of the American Museum of Natural History, New York City. The museum, because of the restrictions of the Canadian and American Governments on the killing of the rarer wild animals, found that the only way of obtaining specimens of these varieties was by moving pictures. The party is devoting much attention to the wood bison and the wild life in the unexplored and unmapped regions south of Banff. The expedition, which is under the educational department of the Famous Players-Lasky Corporation, be-

sides Vanderbilt, Jr., consists of Capt. Nathan Pearl, big game hunter and sportsman; J. O. Galt, big game hunter; Warren H. Kestor, camera man; John Borex, mineralogist, who is conducting researches into the mining possibilities of the territory, and L. W. Hutchins.

## "Y" SPORTSMEN HAVE BUSY NIGHT

Swimming and Basketball Was on Yesterday's Programme

The Junior Swimming Club weekly handicaps were held Wednesday evening, the events this week being the plunge for distance and the 100-yard dash.

The time for the hundred was exceptionally fast. The fastest actual time being made by D. Barclay; he also being the winner of the handicap in the hundred, second place fell to W. Muir and third to E. Squire.

In the plunge for distance the winner of places were W. Muir, first; J. McDonald, second, and D. Barclay, third.

**Basketball.**  
The B. Series of the House League started Wednesday evening with a between the Dormitory Men vs. the W. P. S. Club.

This game was very one-sided according to the score which at the end of the game was seventy-three to twelve, favoring the W.P.S. The score was all out of proportion to the difference in the playing of the two teams. This was because of the poor shooting of the losers.

The team line-ups were

W.P.S. Dormitory  
F. Lewis McGowan  
G. Stacey Sadler  
V. Jones Marshall  
Dow Watts  
Woodruff Alcock

The game between the "Crusaders" and "High School" in the A. Series was the tightest game of the League up to the present the score for a while being within a few points of being tie. About five minutes before "time" the score was so close that the game was anybody's until the high school started a special campaign and collected a few goals to seal the game in their favor. The game finished in favor of the school boys with the score thirty-eight to thirty.

The attendance also made a good showing, the number of spectators being close to one hundred.

The teams line-up below:

High School Crusaders  
L. Bickell Dowd  
A. Webster Westbr  
A. Jones Buckett  
A. Boyd E. Wood  
A. Lewis N. Ericson

## BILLIARD LEAGUE

The following players are requested to be on hand sharp at 7.15 p. m. to-night at the Two Jacks: Hibbertson (capt.) vs. Robinson (capt.) Raitt vs. Spencer; Murray vs. Buckett; Coldwell vs. Henderson; Wilkerson vs. Watersen. Reserves, Watson and Echelet. This should be a very exciting game, as the winner of this game goes to the top of A Section in the league.

NOTE.—No second innings scores have been counted in the averages unless those scores have had a direct bearing on the result of the game.

## LOOKING THINGS OVER

**Fragments Drop Out.**  
Soccer fans will regret to see that the Fragments from France have had to drop out of the soccer race through lack of interest in the club. The career of the team, which was born at Esquimalt Hospital when a number of patients recovering from wounds decided to enter the City League, was watched with interest. Nearly every man on the side was injured in some way or other and undergoing treatment, although in most cases they had wounds which did not detract from their playing ability. With an island championship and a city championship to their credit the club this year was only able to find seven players for their last game.

**Jack Says He Is Ready.**  
Champion Jack Dempsey is getting ready to fight. From Texas, where the heavyweight king is gallivanting around with a circus, Jack Kearns, his manager, writes that the champion can be seen in action probably in New Jersey before the first of the year. He has the same record on his machine, "Dempsey is tired of the circus and wants to fight." He writes that Jack is willing to meet Bill Brennan, Battling Levinsky or Willie Meehan.

**Craddock Will Defend Title.**  
Earl Craddock, the world's heavyweight wrestler, will appear at Madison Square Garden before many moons in one of the matches in the grappling carnival being arranged by Jack Curley. Jack received the following message from Gene Melady, Craddock's manager, yesterday: "Just received a wire from Earl. He is fit to win and will be on the job about November 15."

Craddock saw service over in France and returned last June, broken in health and stamina. He hid himself to his ranch in Wyoming and has been building himself up ever since.

When Curley received the message from Melady he immediately announced that Craddock would meet the winner of the Strangler Lewis-Joe Stecher bout scheduled for November 8.

**Tommy Murphy Leads.**  
With the final events at Atlanta the Grand Circuit of 1919 enters into history. There were thirteen meetings in the entire series, and it is estimated that the winnings of such drivers as Geers, Murphy and Cox will amount for the entire series to more than \$170,000. Geer's accident at Syracuse, from which he so quickly recovered, had little effect in restricting his winnings for the season.

Most successful of all the reinsmen for the season of 1919 is Thomas W. Murphy. At Lexington Murphy jumped the number of winnings mounts for the year to fifty-two and his cash column to \$78,049. He had good success also at Atlanta, the events producing several spectacular battles between Murphy and Geers, and Murphy and Cox, the honors being fairly evenly divided.

Pop Geers made his first appearance on the northern tracks in 1877 with Alice West.

**TITULAR BOXING BOUTS ARE HELD IN 'FRISCO**

San Francisco, Oct. 30.—Preliminary boxing matches in the Far Western championships were held last night at the Olympic Club under the

direction of the Pacific Athletic Association. Al Geyer of Los Angeles, won a decision over Walter Helbach of San Francisco, in the fastest match of the evening.

The final events will take place to-night. Boxers from San Francisco, Los Angeles, Portland and the Uni-

## MOWAT AND WATSON ARE AGAIN ELECTED

Amateur Puckchasers Renew Confidence in Last Year's Executives

Applications were up for consideration at the annual meeting of the Victoria Hockey League last night. The Elks, Senators, Two Jacks, who were in the race last season, The G. W. V. A., the K. of C. and Fitz Billiard Parlors were the other three clubs seeking a place in the competition. Frits announced that if more than a four team league was organized he would withdraw from the race as he thought a four team tilt was the only practicable competition to be held.

All last year's clubs have a prior right they will again be in the race. How the other clubs will be disposed of will be decided at a meeting of the executive this evening. It is believed more than likely that only one of the other three representatives will catch a place in the competition and a four team league as last year will provide scope for the amateur puckchasers again.

The following officers were elected: Hon. president, Hon. John Hart; 1st hon. vice-president, W. H. Wilkerson; 2nd hon. vice-president, C. B. Jenkins; president, J. Mowat; vice-president, Percy Richardson; secretary-treasurer, Percy Watson. The executive committee will consist of the managers of the various teams.

D. Spence, P. Watson and J. Mowat were appointed delegates to attend the annual meeting of the British Columbia Amateur Hockey Association, to be held in Vancouver shortly.

Percy Watson, George Spence and Darrell Spence will interview Les Patrick regarding arrangements for the use of the ice for the amateur games.

From the Foundation camp comes word that the shipbuilders did not drop out of the race through lack of players. "We had as good a team lined up as last year," they state, "but under the arrangements for ice we did not see where we could get an even break on hockey this year and we did not feel inclined to take any chances financially." The players will be distributed among the other clubs in the league.

## VICTORIA GOLF TEAM TO VISIT SOUND CITY

Biggerstaffe Wilson Breaks Amateur Record For Oak Bay Course

With a team strengthened by the inclusion of a former Victoria champion, A. V. Macan, a team of twenty Victoria golfers will leave Friday for Seattle to play the second half of the Biggerstaffe Wilson Challenge Cup game. The local men secured a lead of twenty points in the first half of the game played on the home links, but realize they will need the advantage when they meet the Sound city golfers on their own course. The Victoria team will be: Macan, B. Wilson, A. T. Goward, H. G. Wilson, J. A. Rithet, J. A. Sayward, E. J. Todd, W. C. Todd, J. W. Morris, J. S. Matterson, Hon. J. Hart, J. E. Wilson, J. A. Lindsay, P. Criddle, W. P. Pemberton, Carew Martin, J. R. Vachorn, J. D. Virtue, L. S. V. York, Dr. Barrett, R. W. Gibson, T. O. Mackay and Arthur Coles.

**Breaks Record.**  
Playing on the Oak Bay links yesterday Biggerstaffe Wilson, of the Victoria Golf Club, broke the amateur record for the course, making the round in 48.

The par for the course is sixty-eight and the player came home in thirty-three. Four men were playing in the match, A. V. Macan being one of the quartette.

**Leave at 4.30.**  
H. M. Redpath, W. E. Calkels, A. P. Boulton and R. Jamieson have been added to the Victoria party to make the trip to Seattle, the players leaving to-morrow afternoon on the 4.30 boat. On the occasion of the Seattle players visit to Victoria the match ended 34 to 4 in favor of the home men, a comfortable lead which they are keen to maintain. One point was awarded for 18 holes played in the morning, one point for the 18 played in the afternoon and one

## Picking 'em Up Around the Sport Camps

The Fragments sang their swan song at the last soccer league meeting, and now a first class soccer secretary is back in town to see his pet break up and leave him without a soccer billet.

Mrs. Pankhurst will visit Victoria soon. Well none of the skirmishes the famous English suffragette ever led have much on some of the soccer sessions that occasionally run past 11 o'clock in the evening.

Tommy Murphy, tops the winners again and pulls down \$170,000. For that little roll there are sportsmen who would even sign away their amateur status.

"Dempsy is tired" of the circus and wants to fight," Jack Kearns announces. If Jack's desire is over-

whelming he should be seen in action within a couple of weeks.

Seven Masonic lodges whose membership is made up exclusively of total abstainers have been consecrated in London. And the news was flashed across the whole world by cable.

Harry Pollock halted Freddie Welsh before the magistrates for an alleged attempt on the part of the champion to bite off his ear. On going through the Marquis of Queensbury rules we fail to find anything against such a procedure.

Hector McDonald and Jimmie Clark are to be matched for the lightweight crown.

Jimmy showed a tremendous pre-

deliction to speechmaking from the padded circle last time he was in Victoria. If he pulls the same line of chatter to Hector during the bout as his speech on boxing here Mac will probably ask his seconds to throw in the sponge.

"The champion of China who challenges the winner of the dustweights" was the way Al Jeffs disrespectfully introduced Jimmy last time he stepped into the ring to be introduced to the Victoria fans and give them a brief address.

As ex-President Manson is Scottish they had to tell some jokes on the men from the land of the Thistle at the soccer smoker last night.

Delegate Beck of Yarrow got off with a good one: "I met a Scotsman coming out of the Victoria Loan office yesterday," he said. "Well, Mac have you bought a bond." I asked him. "No Mon, I've just been filling my fountain pen" was the reply.

## MEXICAN FIGHTER IN CHAMPIONSHIP FORM

JOE RIVERS

Seattle, Oct. 20.—Joe Rivers showed some of the class which made him a contender for the world's lightweight honors to-night, when the smooth-working little Mexican was given a well-earned decision over Harry Casey. Catching the willing Seattle off guard in the fifth round, Rivers won the fight with one punch—a short, snappy chop to the point of Casey's chin, which toppled the ex-doughboy on to the ropes. Casey lasted the six rounds, but the fifth round offensive settled the contest.

## PRESENTATION MADE TO SOCCER PRESIDENT

Arthur Manson Receives Token of Football Men's Appreciation

As an appreciation of the work he has done for the soccer game during years of connection with the winter sport, Arthur Manson, former president of the Victoria and District soccer league, was presented with an handsome illuminated address at an enjoyable smoking concert held at the K. of C. Hall last night. The soccer fans also extracted a promise from the former president that he would again take the league chairmanship next year.

There was a fair attendance at the smoker, and many complimentary remarks were made with reference to Mr. Manson's connection, not only with soccer, but with sport in general. One old soccer fan had dug up newspaper clippings of ten or fifteen years ago pertaining to the former president's enthusiasm for the round ball game.

The address worded by Mr. Hill in part said:

"The members of the Victoria and District Football Association, desire to take this opportunity of giving expression to their grateful appreciation of the valuable services you have rendered the Association during the many years you have been connected with it. Indeed it can with truth be said that to your devoted and untiring energy owes by no means inconsiderable measure of its success as an association.

"Your keen interest in sport and the consistent exercise of fair play which has distinguished your dealing with the Association have won for you the esteem of the members by every one of whom you are regarded as a close and personal friend.

"Your extensive knowledge of sport in all its phases and your generous and practical application of the same have earned for you an enviable position in local athletic circles."

The presentation was made by A. G. Bird, in a few well chosen words and the recipient was given a ringing ovation as he stepped forward to receive the address. Mr. Manson expressed his appreciation in a neat speech bristling with humor which was one of the features of the evening's entertainment. He gave some interesting reminiscences of the soccer game, and told a number of good stories.

P. C. Payne, in the absence of President W. H. Hadley, made an ideal chairman. There was no set programme and Mr. Payne called indiscriminately on any person in the room for a song or a speech, even naming the subject of the speech and absolutely declined to accept any refusal. Secretary A. C. Hill was among the contributors to the musical portion of the programme and surprised some of the audience, as much at home in the roll in as he is in that of soccer, got some enthusiastic en-

## THE CAMBRIDGESHIRE

Newmarket, Eng., Oct. 30.—The Cambridgeshire Stakes run here yesterday was won by Rothschild's Brigand. Lord d'Abernon's Diadem was second and My Dear, owned by A. W. Cox, was third. Eighteen horses ran.

## JAMES BAY RUGBY.

A practice of the James Bay rugby men will be held to-night at the clubhouse, and Bob McInnis sends out a request that all the rugby men take the opportunity of getting into shape for the first league game Saturday.

## COMRADES SOCCER MEETING.

The Comrades Soccer Club will hold a meeting to-night at the Comrades Club. Bowers, Bloom and Gomm, of the Fragments, are recent acquisitions to the Comrades eleven.

## CIVIL SERVANTS ISSUED MONTHLY NEW BULLETIN

The first number of a monthly bulletin, the purpose of which is to keep members of the Provincial Service informed upon affairs affecting its members, was issued yesterday. The bulletin now is simply typewritten, but an effort is being made to interest the members of the service all through the Province with a view to publishing a regular printed paper. The first bulletin contains a report of the recent conference between a

committee of the Victoria Civil Service Association and the Executive Council concerning the new schedules prepared by the Civil Service Commissioner and his regrading of the services.

Want More Pay.—A deputation of city policemen waited on the Police Commissioners yesterday afternoon and requested an increase of pay amounting to twenty-five per cent. for first-year men and fifteen per cent. for all others. The deputation also asked that in promotions seniority of service should govern. The Commissioners will consider the matter. The Board accepted G. H. Tibbett's tender for fourteen policemen's

coats, the figure being \$666.

Beau Brummell shaved serenely on

**BEAU BRUMMELL** who "taught Wales what a coat was like"—inventor of numberless niceties of dress—gambled himself into poverty. Publicly cut by the King, he had his last remaining finery laid out preparatory to seeking a friend who might save him from disgrace. With Weston, his faithful valet, keeping the door against the bailiffs, the great beau shaved serenely on. Prince of the Dandies to the last, he finished the job with the utmost care. Then, carefully wiping dry the precious blade and affectionately placing it in its case, he turned to Weston with the command: "Now let the rogues in."

The razor that Beau Brummell used was a shaving tool of wonderful balance. Length, temper and correct diagonal stroke were there; all it lacked was the safety and convenience of the double-edged, detachable blade of the

## DURHAM-DUPLEX

A Real Razor—made Safe

Heft this wonderfully balanced razor in your hand—feel the comfort of its long, keen blade on your cheek. Automatically it lies on your face at the one-and-only angle for right shaving—because its design is thousands of years old. More than that—it can't cut

your face. It's the longest, strongest, keenest, best-tempered blade on earth—with more shaving mileage than any other razor. Seven million shavers have changed from other razors to the Durham-Duplex—a real razor made safe. Make it your razor today.

## OFFICIAL PROSPECTUS

"The Bridge from War to Peace" —The Prince of Wales.

THE MINISTER OF FINANCE OF THE DOMINION OF CANADA offers for Public Subscription the

Victory Loan 1919  
300,000,000. 5½% Gold Bonds

Bearing interest from November 1st, 1919, and offered in two maturities, the choice of which is optional with the subscriber as follows:

5 year Bonds due November 1st, 1924  
15 year Bonds due November 1st, 1934

Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Bonds may be registered as to principal and interest, as hereinafter provided, at any of the above-mentioned offices.

Interest payable, without charge, half-yearly, May 1st and November 1st, at any branch in Canada of any Chartered Bank.

Principal and Interest payable in Gold  
Denominations: \$50, \$100, \$500 and \$1,000

Issue Price: 100 and Accrued Interest,  
Income Return 5½% per Annum

The proceeds of the Loan will be used to pay indebtedness incurred, and to meet expenditures to be made in connection with demobilization (including the authorized war service gratuity to our soldiers, land settlement loans, and other purposes connected with their re-establishment into civil life), for capital outlay upon shipbuilding, and other national undertakings forming part of Canada's industrial reconstruction programme, and for the establishment of any necessary credits for the purchase of grain, foodstuffs, timber and other products, and will be spent wholly in Canada.

Payment to be made as follows:

10% on application; 20% January 9th, 1920;  
20% December 9th, 1919; 20% February 10th, 1920;  
31.21% March 9th, 1920.

The last payment of 31.21% covers 30% balance of principal and 1.21% representing accrued interest at 5½% from November 1st to due dates of the respective instalments.

A full half-year's interest will be paid on May 1st, 1920, making the cost of the bonds 100 and interest.

Subscriptions may be paid in full at the time of application at 100 without interest, or on any instalment due date thereafter together with accrued interest at the rate of 5½% per annum.

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

The amount of this issue is \$300,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of \$300,000,000.

## Payments

All cheques, drafts, etc., covering instalments are to be made payable to the Credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions other than those paid in full on application must be accompanied by a deposit of 10% of the amount subscribed. Official Canvassers will forward subscriptions or any branch in Canada of any Chartered Bank will accept subscriptions and issue receipts.

Subscriptions may be paid in full at time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest to time of making payment in full. Under this provision, payment of subscriptions may be made as follows:

If paid in full on or before November 15th, 1919, par without interest or 100%.

If remaining instalments paid on Dec. 9th, 1919, balance of 90% and interest (\$90.52 per \$100).

If remaining instalments paid on Jan. 9th, 1920, balance of 70% and interest (\$70.84 per \$100).

If remaining instalments paid on Feb. 10th, 1920, balance of 50% and interest (\$51.08 per \$100).

If remaining instalment paid on Mar. 9th, 1920, balance of 30% and interest (\$31.21 per \$100).

Payment of instalments or payment in full after November 15th, 1919, can be made only on an instalment due date.

## Denomination and Registration

Bearer bonds, with coupons, will be issued in denominations of \$50, \$100, \$500, and \$1,000, and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1920.

Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of \$500, \$1,000, \$5,000, \$10,000, \$25,000, \$50,000, \$100,000, or any multiple of \$100,000.

## Payment of Interest

A full half-year's interest at the rate of 5½% per annum will be paid May 1st, 1920.

## Form of Bond and Delivery

Subscribers must indicate on their applications the form of bond and the denominations required, and the securities so indicated will be delivered by the bank upon payment of subscriptions in full.

Bearer bonds of this issue will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or fully registered as to principal and interest, will be delivered to subscribers making payment in full, as soon as the required registration can be made.

Payment of all instalments must be made at the bank originally named by the subscriber.

Non-negotiable receipts will be furnished to all subscribers who desire to pay by instalments. These receipts will be exchangeable at subscriber's bank for bonds on any instalment date when subscription is paid in full. All receipts must be exchanged before 1st June, 1920.

## Form of Bonds Interchangeable

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons, will have the right to convert into bonds with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds without coupons, at any time, on application to the Minister of Finance or any Assistant Receiver General.

Forms of application may be obtained from any Official Canvasser, from any Victory Loan Committee, or member thereof, or from any branch in Canada of any Chartered Bank.

## Subscription List will close on or before November 15th, 1919

DEPARTMENT OF FINANCE,  
OTTAWA, October 27th, 1919.

## Keep Canada's Farms and Factories Busy

Baby's restless nights might be avoided.

Scalded skin and other skin troubles are common causes of Baby's restlessness and often could be avoided by careful bathing with

## BABY'S OWN SOAP

The lather of Baby's Own Soap, made fragrant with natural flower perfume cleanses and heals the delicate skin and prepares him for restful sleep.

It is Best for Baby—so Best for You.

In the interest of your skin buy Baby's Own Soap. It is sold almost everywhere.

ALBERT SOAPS LIMITED, Mfrs., MONTREAL.

Dr. Ferguson

## The Modern Medical Idea—Sickness Prevention

Back in 1796, when he developed the vaccine treatment to combat smallpox, Edward Jenner started the trend of medical thought in the new direction of Sickness Prevention. Today anti-toxins, serums, vaccines and sanitation—all these check disease before it can gain hold. But constipation still remains one of the most devastating of all plagues, because by reducing the body's power of resistance it makes it an easy victim of every and any disorder.

Leading medical authorities agree that 90% of disease has its origin in the intestinal tract—in constipation. Your physician will tell you that pills, salts, castor oil, mineral waters, etc., simply force the system and weaken the intestinal muscles.

Nujol is entirely different. Nujol prevents constipation because it softens the food waste and encourages the intestinal muscles to act naturally. Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

For valuable health booklet—"Thirty Feet of Danger"—write Nujol Laboratories, Standard Oil Co. (New Jersey) 30 Broadway, New York.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark as shown here. Be sure of products represented by the "Nujol" name. The name never from imitation.

**Nujol**  
For Constipation

## Are You Nervous? Are You Tired Out?

If Your Recuperative Power Seems to Have Left You, You Need

## PHOSPHONOL

To-day and not to-morrow, is a day to put a stop to that gradual slide you are taking down a long hill of ill-health.

Out of tune with everything? Mentally and physically depressed? Lack the desire to perform your duties? Feel that you need to be bolstered up, but can't tell what is the matter?

You need a quick, nerve-building tonic—one that checks decline—steadies your nerves—one that puts you on your feet again.

To-day you should get a box (same price everywhere) of Phosphonol. The Scobell Drug Co., St. Catharines, Ont. Price, \$2.00, box, 2 for \$3.00. At all good Drug Stores.

## WELL-KNOWN NORTHERN NAVIGATOR PASSES AWAY

Vancouver, Oct. 30.—Captain James Turnbull, one of the best-known river navigators of the North, master of the Yukon River steamer Dawson during the past season, died here this morning very suddenly. Captain Turnbull only arrived in the city last night from the North on the steamer Princess Mary.

## EMPERESS OF ASIA HAS BIG PASSENGER LIST

Vancouver, Oct. 30.—The C. P. E. S. liner Empress of Asia, Captain A. J. Halley, sailed at 2 o'clock to-day for the Orient. She carried an exceptionally heavy load of passengers, including in the list 2,000 Chinese coolies, returning from Europe. Counting the crew there were 4,000 persons on the big ship when she left.

## FOUR MORE LUMBER CARGOES ARE READY

Strs. Trois Rivieres, Frontenac, Victoria and Montmagny Assigned Cargoes.

Lumber cargoes have been booked for four more of the French steamers, and before the end of the week they will all leave for their loading ports. Between them the four ships will load approximately 6,000,000 feet of lumber for the United Kingdom.

The steamer Trois Rivieres left yesterday for Nanaimo to load bunker coal. From there she will steam to Vancouver to take on cargo at the Government wharf. The Trois Rivieres will get away for Queens-town for orders in about two weeks.

The steamer Frontenac is to load a part cargo at Genoa Bay and proceed to Hastings Mills, Vancouver, to complete loading.

Nanose and Chemainus will furnish the cargo for the steamer Victoria and the steamer Montmagny will load part cargo at the Fraser River Mills and shifted to the Government wharf at Vancouver to complete.

The steamers La Salle and Wilfrid Laurier are now at the Ocean Point plant awaiting their crews, which are expected any day from France. The steamer Acadie, which underwent her trials early this week, is receiving final adjustments and will be taken over shortly by the French authorities.

To-morrow the steamer Quebec will undergo her official trial trip. She is the seventeenth ship to steam over the measured mile, leaving but three ships to be completed. All the vessels will be in the hands of the French authorities by the end of next month, and most of them will be on berth loading for their maiden voyages to the United Kingdom.

## SEATTLE AFTER BIG PASSENGER VESSELS

Engage in Fight With San Francisco Interests For Ships for Oriental Trade

San Francisco, Oct. 30.—When Seattle delegates appear at the coast-wide shipping conference that opens here to-day under the auspices of the Chamber of Commerce, they are going to throw a bombshell into shipping circles of San Francisco by asking that new passenger liners now under construction in New York be allocated to the Pacific Steamship Company for operation from Seattle to the Orient. This was the prediction that went the rounds here today before the opening session of the conference.

Local shipping men hoped that all the ships, practically, would be allocated to the Pacific Mail Steamship Company for operation out of San Francisco. At the conference, Seattle is represented by S. C. Cantelmo, assistant general manager of the Pacific Steamship Company; Collector of Customs Roscoe M. Drumheller and C. J. France of the Port Commission there.

W. C. Morrow, general counsel of the Pacific Steamship Company, is here in an advisory capacity and A. F. Haines, vice-president and general manager, is expected to-night or to-morrow.

Seattle has heretofore confined its claims to cargo carriers, but the demands forecast here indicate they will "take the horse by the bit" and make a fight for passenger liners. They cite the "shortest route to the Orient" as one reason.

Seattle will demand, it is said, the majority of twelve passenger liners now building at Sparrows Point and at the Camden plant of the New York Shipbuilding Company. The first of the boats, the Wenatchee, will be ready about April 1.

## VISITING THIS CITY

W. G. Annable, of Montreal, general passenger agent of the C. P. E. S. line, was visiting this city for the past few days. He is returning East to-night.

## BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A PHYSICIAN'S ADVICE.

Frederick S. Kelle, M. D., Editor of New York Physicians "Who's Who" says that weak, nervous people who do not feed stronger and better nerve-force, should take a 5-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well; if you tire easily; do not sleep well; or are too weak to go to any good drug store and get a supply of Bitro-Phosphate for a two weeks' supply—it costs only fifty cents a week.

Eat less; chew your food thoroughly, and at the end of a few weeks you will find that you are stronger and better than before; if your nerves are not steadier; if you do not sleep better and have more vim, endurance and vitality, your money will be returned, and the Bitro-Phosphate will cost you nothing.

## GALIANO FOUNDERED ONE YEAR AGO TO-DAY

One year ago to-day the fisheries patrol steamer Galliano, Capt. Pope, founded off Cape St. James in a terrific storm with the loss of all the officers and crew. Only two bodies, a life buoy and the top of a hatch were recovered. The tragedy caused much sorrow in this city, following as it did so closely on the heels of the Princess Sophia calamity. All of the officers and crew were well-known in this city.

## SAYS COOLIES BEING HANDLED SHAMEFULLY

Dr. Ferguson Disgusted With Way Chinamen Are Being Herded Home

Vancouver, Oct. 30.—"If Canada wants to increase its trade with China and participate in the benefits of one of the greatest, if not the greatest market in the world, it must change its tactics towards the Chinese people," said Dr. John Ferguson, political advisor to the President of China, who is in the city on his way to China.

"This remark is directed towards the treatment accorded the 300,000 Chinese coolies who are returning to China from France and who, while in the way area did special work behind the lines and released trained soldiers for fighting service," said Dr. Ferguson. Despite what these men have done for the Allies, and despite the fact that both France and England have given them the freedom of the country, Canada herds them off a boat at Halifax, puts them in trains in droves, brings them across the country like wild animals in cages, herds them out at this end, into sheds, and thence, in cattle-like droves, into steamers for home. What kind of missionary work can Canada expect these men to do for Canadian manufacturers and Canadian products? Is it not shameful?"

## HUGE SHIPMENTS OF SUGAR ARE ARRIVING

Vancouver, Oct. 30.—Over 3,000 tons of raw sugar from Fiji will be at the sugar refinery by Monday next. The steamer Kuroki, of the Canadian-Australasian line, will reach Vancouver at daylight on Friday and will then leave for Vancouver. The run will take about ten hours. She will dock in the afternoon. This ship brings 750 tons of sugar, and the refinery will have it in marketable shape 24 hours after it enters the plant.

The steamer Waimarino, of the same line, is spoken this morning and will be up on Sunday afternoon. She brings 2,300 tons of raw sugar.

## PRESENTATION MADE TO HAROLD S. COVE

Transportation Men Gather to Say Farewell to Departing Shipping Man

Railroad and shipping men of Victoria gathered in the Pacific Club last evening to tender a farewell to Harold S. Cove, with a pipe and pouch. Mr. Allan referred to the cheerful personality of Mr. Cove and stated that he would be greatly missed in this city.

In reply Mr. Cove admitted that he was sorry to have to sever his connections in Victoria, as he had enjoyed his residence here immensely. Mr. Cove was appointed local agent of Balfour, Guthrie & Co. seven years ago. He came here from Vancouver and, after fulfilling his duties with marked efficiency, he is to return to the head offices and take charge of one of the departments.

## NOTICE TO MARINERS.

The Department of Marine is advised by the Public Works Department that on account of dredging operations the new channel leading from black buoy No. 25, south of Steveston to Woodward's Slough, in the Fraser River, B. C., will be closed to traffic from approximately November 1, 1919, for a period of about six (6) weeks.

As the pipe line will extend across the channel and will obstruct the fairway mariners are requested to use the old channel to the southward from Black Buoy No. 25 to the Woodward's Slough.

During these operations the usual dredging day marks and lights will be exhibited from the dredge and pipe line.

The Department of Marine advises mariners that the characteristic of the Outer and Inner Lights in the North Arm of the Fraser River, B. C., will be changed without further notice.

The present fixed white lights will be changed to occulting red.

## STATUE OF QUEEN VICTORIA ARRIVES

Harrison Limer Architect Discharges Big Package at Outer Dock

Safely stowed in the hold of the Harrison liner Architect, Capt. Rushforth, which arrived at the outer docks this afternoon, was the large statue of the late Queen Victoria, which is to be erected on the foundation recently built in the Parliament Building grounds. The statue, which is housed in an immense case and weighs three tons, will be lifted out of the steamer's hold this afternoon and very shortly will be set in its permanent position.

The Architect loaded the statue at London. It was ready last year but British Columbia did not wish to take a chance of having it shipped here while the German submarines were active. Following the cessation of hostilities freight space was at a premium, and it was not until early September that the statue was finally hoisted on board a ship bound for this port.

Delayed by Strikes. The Architect was delayed in arriving here by a strike at San Francisco. She was there nine days during which time the longshoremen declined to work the cargo. Finally the ship got away for this port and encountered moderate weather during the run up the coast.

The Architect, which was here five years ago, left Liverpool on September 16 and had a good passage through the Canal.

Stores for New Zealand. The Architect is discharging a large amount of stores at this port for H. M. S. New Zealand, which will arrive here on November 3. Considerable general cargo will also be discharged at this port.

Capt. Rushforth was here last four years ago in command of the Discoverer. Previous to that he brought the Candidate out. During the war Capt. Rushforth made many trips through the submarine zone, but escaped any encounters with the hidden foe.

The Architect will proceed to Nanaimo to coal and then cross the Gulf to Vancouver.

## Spanish Labor Lockout Will Begin on Monday

Madrid, Oct. 30.—The employers have refused to postpone the lockout until the return of King Alfonso from his visit to England. They have issued a manifesto declaring the lockout will begin in Barcelona next Monday and will gradually extend to all the provinces.

The manifesto, made in reply to the syndicalists, says four thousand employers in all branches of industry will adhere to the decision to declare a lockout as a protest against the attitude of the Government.

## INVESTIGATE BANK ACCOUNTS OF FORMER AIRCRAFT DIRECTOR

New York, Oct. 30.—An investigation of the bank accounts of John D. Ryan, formerly director of aircraft production, is being made in behalf of the Congressional subcommittee which is investigating war expenditures for aviation.

This was revealed by Mr. Ryan in testifying before the committee, and the committee advised eight inches. An accountant for the investigators is making a transcript of Mr. Ryan's account with the Boston banking firm of Hayden, Stone & Company.

Mr. Ryan said he was willing that they should know of this account, or any other of his private funds.

## RECOUNT AT TEMISKAMING.

Cobalt, Ont., Oct. 30.—The recount in the Temiskaming, Ontario, Legislature election, has been arranged for Saturday morning in the afternoon house before Judge Hartman. The Labor men are protesting the election of Thomas Magliadri, Conservative.

## To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises, will be glad to know that this distressing affliction can usually be successfully treated at a very small cost. In many instances has effected complete relief after other treatments have failed. Sufferers who could not hear have had their hearing restored to such an extent that the tick of a watch was plainly audible at eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double Strength). Take this with head noises or catarrhal deafness and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling of the Eustachian Tube, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Rivory powder, who has catarrh in any form, or distressing rumbling, ringing sounds in their ears, should give this recipe a trial.

## WEEKLY REGISTRATION KEEPS HIGH STANDARD

Fifteen New Companies Incorporated; Indicate General Prosperity

During the week ending at noon to-day certificates of incorporation have been issued by the Registrar of Joint Stock Companies in respect of the undernoted concerns, official notification of which will be made in this day's issue of the British Columbia Gazette:

J. L. Elvin, Limited, incorporated in Manitoba, is now licensed to do business in British Columbia, authorized capital, \$20,000; head offices: Winnipeg and Vancouver.

Control of Stock in Famous Salmon River District Mine Secured.

Guggenheim Interests have acquired fifty-one per cent of the stock of the Premier mine in the Salmon River district, near Stewart, at a cost of \$5,000,000 according to a report just issued.

Mr. Neill in 1918 was induced by Pat Daly to take hold of the property, which has been abandoned a few years previously by H. R. Platte and associates, who had worked eighteen months and spent \$60,000 in tunnels and shafts and then given up in disgust. Immediately better luck came to Mr. Neill.

One of the original locators of the property, Chas. Bunting, who has kept in touch with developments, has this to say in summing up the situation at the mine as it appeared early last month:

"In the block of ground 800 feet long and fully 100 feet wide, as proved by surface cut and underground work, and from the surface to the present level (of the tunnel) a tonnage of at least one million tons can be safely estimated, with a gold and silver content of \$30 a ton, making a total of \$30,000,000. A thorough sampling of all the present workings and openings gives an average value of well over \$30 per ton.

"As the ore shoot is bigger, stronger and far richer in the tunnel than on the surface, it is safe to assume it will continue for at least fifty feet below the present workings.

"It is that event and an engineer familiar with this ore body would concede that much a further \$10,000,000 can be added to the above total."

The mine is owned by R. K. Neill, of Spokane; W. R. Wilson, manager of the Crown West Coal Company, in British Columbia, and Messrs. Trilley and Wilson, merchants of Fernie, B. C.

Mailo Segura Must Die on the Gallows

San Francisco, Oct. 30.—Mailo Segura, who on May 5, 1918, murdered J. E. Riley, of Flat, Alaska, a gold operator, must go to the gallows, the United States Circuit Court of Appeals decided here in passing on his appeal. Segura claimed he killed Riley after futile efforts to collect \$2,000 owing him for hauling wood, and that he was not in his right mind when the act was committed.

EMBEZZLER INDICTED.

Ketchikan, Oct. 30.—On charges of having embezzled \$4,537 from the American Roadway Express Company's office here during the summer, Fred E. Patching, former agent of the company, to-day was indicted by a Federal grand jury. Patching was returned here from Winnipeg, where he was arrested.

**NEW ONTARIO LEADER SPEAKS**  
Must Govern Fearlessly to Enforce Will of People, Says Drury

Toronto, Oct. 30.—In the course of his address of acceptance of the leadership of the C. F. O., Premier-elect Drury spoke as follows:

"If called to power one of our first administrative duties must be fearlessly and effectively to enforce the will of the people as expressed in the recent prohibition referendum. With that mandate I am personally in thorough accord and sympathy. We must see to it that it has effective enforcement. It may be that it will be found that there are loopholes or defects in the law which render it difficult to enforce. If so it will be our duty to correct them. The people look to us to make an honest attempt to solve a problem which bears heavily on all, and which, such as wages and prices of farm products, decline may become an intolerable burden—the high cost of living. The solution of that problem in its entirety may not be within the power of the Provincial Legislature, but it will be our duty to thoroughly investigate the conditions surrounding distribution, and if we find that prices are unduly inflated as the result of obstacles or combinations in restraint of trade, to vigorously enforce such laws as will make these impossible.

"We are here as the result of a widespread conviction, not only on the part of the farmers, but also of the urban dwellers, that the two old parties have failed to achieve their ostensible purpose, that, namely, of government of the people, by the people, and for the people."

## S. P. C. A. TO HOLD TAG ON NOVEMBER 1

Absolute Need of Funds to  
Carry on Preventive  
Work

The local Humane Society will hold its first tag day for local work on Saturday, November 1. While by this time tag days have possibly come to be regarded as somewhat of a burden both to taggers and tagged, it must be remembered that many local charities have been occupying a place in the background for the past five years. Not only have they withheld every claim on the public purse which could be reasonably withheld, but in many instances their work has suffered that the more insistent demands created by war might be met without delay.

Hence, the local Humane Society finds itself in a position where an appeal to the public becomes a necessity. It is a fact that in most large towns a tag day for this cause is an annual event and in the present circumstances many subscription, which in better days would have reached the treasury, have been donated to other causes.

The Society for Prevention of Cruelty to Animals is one which has existed in Victoria for twenty-three years. Such organizations are unfortunately a necessary factor in the life of every community. They will remain a necessity until humanity learns to recognize the claims of the so-called "lower animals" to justice, mercy and good treatment.

The Victoria Society is incorporated in British Columbia and is one of the many branches of that great mother organization, the R. S. P. C. A., London, which was the first Society created for the protection and help of the animal world. Amongst the more urgent needs of the local society are funds to pay an inspector, to defray expense of trips into country districts, to provide literature, pay for printing and purchase humane-killers. The expansion of humane education amongst children is also greatly handicapped for want of funds, and humane teaching is the foundation of all reform. It is one of the most valuable methods of heart-training and therefore of character-building. This, and many of the progressive schemes adopted by larger and more generally supported societies, have remained so far but cherished dreams of a philanthropic institution which seeks not only to avert cruelty but to develop those higher and nobler instincts of kindness and justice which shall make cruelty impossible because it is ignoble.

Organized effort can achieve what individual effort cannot achieve, hence the machinery has been set in motion to combat those cruelties which are caused by the thoughtlessness, indifference and greed.

Confident in the justice of its claim, the local society asks that all those who can do so will not withhold the means to carry on efficiently a work which is of vital importance to the material and moral prosperity of the community generally.

## IVAN SEABROOK OUT

Pioneer Would Sit on Council—Wants  
Progressive Industrial Citizens'  
Ticket.

J. Ivan Seabrook, who was prominently identified with the pioneer life on the Northern British Columbia and Yukon Coast, is the first man to announce himself as a candidate for election to the City Council at the annual elections which will take place the middle of January, according to an announcement he has just made.

Mr. Seabrook has been in business in Victoria. Of late years he has taken considerable interest in municipal affairs, running as an aldermanic candidate. One year he proposed to enter the field for Mayor, but voluntarily withdrew to allow Mayor Todd to be returned by acclamation.

Mr. Seabrook has come out with a plea for a progressive industrial citizen's ticket, which he believes would sweep everything aside at the polls.

## TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can take a powerful reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Blurred Magnesia in their meals.

There is probably no better, safer or more reliable stomach antacid than Blurred Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a laxative. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the acid dissolves naturally and healthfully without need of potent pills or artificial digestants.

Get a few ounces of Blurred Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk, or citrate and a blurring agent. It is not a laxative. Try this plan and eat what you want, your next meal and see if this isn't the best advice you ever had on "what to eat."

## SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia  
Relieved By "Fruit-a-tives"

Little Bras D'or, C. B.

"I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try 'Fruit-a-tives.' In a week the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous."

ROBERT NEWTON.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

## FIFTY FIRMS ARE ON HONOR LIST IN LOAN COMPETITION

Many Additions Made; Merchants Become Enthusiastic

EMBLEMS SEEN IN  
MANY LOCAL STORES

About fifty business houses, offices, stores and families have secured Honor Emblems in the present bond drive, it was announced at Victory Loan headquarters this morning. The list of one hundred per cent investors is steadily growing and the competition is rapidly becoming one of the big features of the loan campaign.

"The Victory Loan salesmen are becoming very enthusiastic over the Honor Emblem Competition, having found that there is a great demand for His Royal Highness the Prince of Wales's Flag and Crest," George G. Bushby, who is managing the competition stated to-day.

"There is no doubt that there is a bit of sporting blood in the people, for our Honor Emblem telephone 6826, is kept busy from morning to night, inquiries coming in from all parts of the city and from all sorts and conditions of men, women and children.

"There has been a very lively tilt started between the steamers of the Canadian Pacific Coast Line, and not only between separate steamers but between the different departments on board each vessel, for the fair stewardesses on the Princess Adelaide are already among the elect as regards one hundred per cent."

"The salesmen report that there is war to the knife between the employees of Yarrow's and the Victoria Machinery Dept., and without a doubt each will reach the one hundred per cent mark, but as to the winner, who can tell?

"Chinatown is on edge and Harry Hastings comes in twice a day to report his winnings, and there is little doubt that the big firms in Chinatown will commence to qualify during next week.

"That good old timer, Mr. Alfred Petch, was the first to qualify in the junior class, that is to say the family class.

"We have the Emblem boards pasted up at headquarters, and the public is invited to inspect them, and more than that, is expected to become enrolled in the honor list."

"An honor emblem was yesterday given to the Marine Department in which every employee had bought bonds. J. James Forsyth, the light-keeper at Race Rocks, also received an emblem, his whole family having invested in Canada."

Following are the additions to the Senior Honor List which were made since yesterday at noon:

Dominion Life Insurance Co. Staff, 210 Pemberton Bldg.  
Great Northern Railway Staff, 916 Government Street.  
Marine & Fisheries Office Staff, 1092 Wharf Street.  
Manitoba Bar, Mr. Carlisle, 614 Yates Street.

The Stewardesses, Princess Adelaide, C.P.R. Steamers.  
Provincial Police, office staff, Court House.

Additions to the Junior List were as follows:  
Edwin Dickinson and family, 408 Hillside Avenue.  
Electric Blue Print & Map Co., 214 Central Building.  
Herbert White and family, 1311 Blanchard Street.

J. Kirby, 831 Brett Avenue.  
Victoria Bakery, 707 Yates Street.  
Lou Poy, Port Street.  
Lee So, 971 Yates Street.  
Victoria Barber Shop, Government Street.

Man Chong, 1720 Government Street.  
Hong Lee, 2422 Bay Street.  
Chew Yuen, 523 Johnson Street.  
James Forsyth and family, Race Rocks Lighthouse.

Mrs. Watson and family, 407 Hillside Avenue.  
Team No. 13, Bond Salesmen, Victoria Loan.

## Y. M. C. A. REPUDIATES STORY REFLECTING ON OFFICERS OF COLLIES

National Council Letter Says  
Information Was Not  
Correct

Statements in an article issued to newspapers by the National Council of the Y. M. C. A. of Canada, reflecting on the capabilities of officers in

charge of Chinese coolies that were taken to France to help in work behind the lines, are now repudiated in a letter sent to The Times by O. D. Austin, Publicity Secretary of the National Council, 708 Board of Trade Building, Vancouver.

The National Council in its publicity matter made this statement: "The Chinese Labor Corps, while not a combatant force, was subject to military discipline, and was under the command of English or French-speaking officers. These officers knew little or nothing of the Chinese or their habits, character, language or requirements, and it was not long before difficulties were constantly interfering with the work that they were supposed to do. The result was that in a short time the Chinese Labor Corps as a whole was not working up to much more than fifty per cent of efficiency. This, of course, seriously interfered with the plans

of the authorities for prosecuting the war. In their distress, the authorities looked around for someone who knew something about handling Chinese to come to their relief."

Information Faulty.  
These statements were immediately objected to by Imperial officers who have been at William Head for the last few weeks in charge of the returning coolies. The matter was taken up with the National Council.

"It is unfortunate that the information received at this office on which the story was based, was from Y.M.C.A. men, who had been with the Chinese who were under the command of American officers, many of whom were quite frank in admitting that they did not understand the Chinese, and that the 'Y' men saved them from a disagreeable situation," replied Mr. Austin of the National Council.

"We have since been informed, however, that the great majority of the officers who were in command of the Chinese with the British army, were men who had lived many years in China, knew their men and were quite successful in handling them. The British Y.M.C.A. did a great work among the Chinese Labor Corps attached to the British army, but their services were not required in the way mentioned in the article.

"The Y.M.C.A. is glad to make this explanation in justice to the Imperial Officers and to assure them that there was no intention of belittling their efforts or their success in playing their part in the great war."

Spoke Better Than Chinese.  
A. Mather Pryce, a commercial engineer in charge of work in China, who is now staying at the Union Club here, says that the Imperial Officers who went to France from China with the coolies tried to get

into combatant units. Many succeeded, but all were soon put back to the Chinese labor battalions by the authorities. Even officers who, at the outbreak of war went to England from China and joined their combatant units were taken out of these units and put with the Chinese corps.

The authorities gave as their reason for this action the fact that these officers had had long experience in China with the Chinese and could speak the language better than the coolies themselves, many of whom know only 200 or 300 words.

At the beginning of the war Mr. Pryce presented a plan to the British Government whereby he would take 10,000 trained arsenal workers from China to England to relieve men in the factories there for combatant work, but was frowned upon by the Government because of irritation it might cause in labor ranks in England.

Many a man fails to appreciate his happy home because it is happy only during his absence.

ADDRESS THEATRE  
AUDIENCES ON LOAN

Stirring speeches in support of the present Victory Loan were made at two local theatres last night, as part of the campaign, the object of which is to make Victoria invest \$5,000,000 in bonds.

R. W. Perry, who spoke at the Fantasia Theatre, was given a remarkable reception following the delivery of a powerful appeal on behalf of the drive. George I. Warren was equally successful at the Variety Theatre. Mr. Perry is scheduled to speak at the Royal Victoria Theatre on Saturday evening. Speakers will address all theatre audiences every night this week.

## HELP WANTED—MALE

(Continued.)

**ADVANTAGES**—So many advantages in business follow from Peiman training that ambitious men and women should not overlook the opportunity of "upgrading" their progress by this famous system of utilizing spare moments. Thousands have increased their incomes by this method, and as it is conducted confidentially by mail, anyone may participate in its benefits. Send for "Mind and Memory," the remarkable book that has been asked for by three million people already. A free copy will be sent you, if you will send your name, occupation and address to Peiman Institute, Canadian Branch, 759C - Temple Building, Toronto.

## "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is like 14 Karat on gold. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package. There is only one Aspirin—"Bayer"—You must say "Bayer".

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Mono-aceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## TRENCHES MAKE BIG BOND SALES

Had Sold Nearly \$50,000  
Worth Up to Last Night;  
Formally Opened

Closes on to \$50,000 worth of bonds has been sold at the German trench system at the corner of Government and Fort Streets up to last night, it was announced to-day. Seventeen thousand dollars were invested at the trenches on Tuesday, and \$18,000 was subscribed yesterday. Formal opening of the trench last night appeared to give a big stimulus to bond sales.

**Opening of Trenches.**  
The trench, which was constructed by the combined efforts of the G. W. V. A., Comrades of the Great War, Army and Navy Veterans in Canada, and the British Campaigners Association, and which is in charge of Sergeant-Major Hillierby, M.C., was formally dedicated to the use of the Victory Loan Campaign, at 5.30 p. m. yesterday, by Brigadier-General R. P. Clark, Chairman of the Victory Loan 1919, Vancouver Island Committee.

The Pipe Band of the Comrades of the Great War, of course, was in attendance, and a brave, showing the boys made.

The ceremony was of a military nature, short and brisk, the General making a brief speech. He thanked all the Returned Soldiers' Organizations for their splendid spirit of co-operation in coming to the support of the Victory Loan, and felt sure that, with the assistance of the men who had done so well for their country in the field, Victoria would go over the top in grand style.

General Clark then declared the trench open to the public, and at once entered and bought a Victory Bond.

In speaking about the event, General Clark expressed himself as highly delighted with the attitude of the members of the Returned Soldiers' Organizations in showing their appreciation of the importance of this Loan, by not only arranging the German trench, but by opening, in their respective headquarters, subscription booths, manned by soldier salesmen, and at the same time he felt that it was most significant of the general attitude of the returned citizens that they should show a solid front in so thoroughly standing behind the Canadian institutions. The General also informed us that these organizations are purchasing Victory Bonds with their sinking funds and building funds.

## ALD. HARVEY'S CANDIDATURE.

Formal Announcement of His Opposition to Mayor Porter to Be Made in Few Days

It was given out from Alderman John Harvey's residence, 120 St. Andrew Street, to-day that a formal announcement of the alderman's candidature against Mayor Porter for the office of chief magistrate of Victoria would be made in ten days or so.

It has long been known around the City Hall that Alderman Harvey was planning to enter the Mayoralty field at the request of a number of his supporters. He is regarded as their champion by a number of civic employees because of the fights he has put up in public for fair wages. The alderman also has considerable church support. Last week he came out with a plan for the improvement of the area back of the Empress Hotel by erecting an art gallery and

## And His Family Medicines

**MOST** people first knew Dr. Chase through his Receipt Book. Its reliability and usefulness made him friends everywhere.

When he put his Nerve Food, Kidney-Liver Pills and other medicines on the market they received a hearty welcome, and their exceptional merit has kept them high in the public esteem.

Take Dr. Chase's Kidney-Liver Pills for example. There is no treatment to be compared to them as a means of regulating the liver, kidneys and bowels and curing constipation, biliousness, kidney disease and indigestion.

One pill a dose, 50c a box at all dealers, or Edman, Bates & Co., Ltd., Toronto.

**Dr. Chase's  
Kidney-Liver Pills**

swimming baths for the entertainment of tourists and others.

Mrs. Harvey, who spoke for the alderman to-day, said that it was thought too early just now for Alderman Harvey's name to be brought out for the Mayoralty campaign, as it is more than two months before the election.

Alderman Harvey himself said last night that the boom for his Mayoralty candidature had not yet been launched by his supporters.

## BIG STREET DANCE HERE ON SATURDAY

Victory Loan Organization  
Has Arranged Mammoth  
Affair For End of Week

Final arrangements are being made to-day for the big street dance which will be held on Saturday evening on Yates Street between Douglas and Blanshard Streets. The affair promises to be one of the most popular features of the present Victory Loan drive, and judging by the manner in which the public enjoyed a similar dance held during the visit of the Prince of Wales, it should afford pleasure for thousands.

The co-operation of the civic authorities in the staging of the dance has been secured by the Victory Loan officials and arrangements have been made whereby a large orchestra will supply the music. The loan chiefs will get in their work during the intervals between dances. Rostrums will be placed at the corners of the "floor" and speakers will mount them and address the crowd on the advisability of buying Victory Bonds. In addition, there will be tables, manned by experienced loan canvassers who will endeavor to sell bonds on the spot.

No admission will be charged for participation in the dance which will commence at half past eight.

## TIMBER WOLVES HOLD REUNION

Fifty Members Sit Down  
Under Presidency of Major  
Spurgin

A gay crowd of men sat down to dinner last night at the Dominion Hotel, the occasion being a reunion of members of the 103rd Battalion, Timber Wolves. Col. J. Henniker being out of town, Major K. Spurgin presided. Major Barton and other original officers of the unit were present and about fifty N. C. O.'s and men. This is the second affair held by the newly formed Timber Wolves Club and, starting in December, meetings will be held on the first Monday in each month. A ladies' club will also be formed.

There were between fifty and sixty present. After the loyal toast, the Battalion toast was submitted, by Mr. McDonald. Major Barton replied, and made a splendid tribute to the undying memory of fallen comrades, special reference being given to the late Major Beach, killed at Vimy.

The chairman expressed the hope that the organization would keep together. While regretting they were broken up, he said they appreciated the splendid individual work of the men performed in France.

Mr. Frayler, of Duncan, an old member of the battalion, gave an account of the 103rd men who had now returned to Duncan, expressed their desire to co-operate in every way with the club.

Dr. Thomas spoke of old associations and explained the scope of the S. C. R., especially as regards medical attention.

The remaining toast was: "The Ladies." Replied to by Mr. Aves. Speeches and songs were contributed by various members.

The next dinner will be held on November 18, the anniversary of the battalion's formation.

## ACCEPTS CALL TO VICTORIA CHURCH

Rev. Dr. Sipprell to Be Pastor  
at Metropolitan Methodist  
Church

Vancouver, Oct. 30.—Rev. Dr. Sipprell, for the past seven years pastor of Mount Pleasant Methodist Church, this city, announced to the quarterly board of his church last night that he had accepted the invitation of the congregation of the Metropolitan Methodist Church, Victoria, to become their pastor. He said that he would assume charge at the commencement of the conference year, subject to the approval of conference.

Dr. Sipprell became widely known throughout the west by reason of his long association with the Columbian College at New Westminster. He was appointed principal of the College in 1897, holding that position for fourteen years, during which he inaugurated many reforms.

The pastorate of the Metropolitan Methodist Church is held at present by the Rev. Herman S. Osborne, whose four-years' incumbency ends

In May next. It is likely, therefore, that Dr. Sipprell will not assume the local pastorate until the June transfer.

Gay Hallowe'en.—The Y. M. C. A. is planning to hold a special programme of festivities on Hallowe'en, when guests will be entertained in

the good old-fashioned way. Costume processions, headed by a "Mystery" band, the details of which will only be divulged on the night of the affair, Chambers of Horrors, Games of the Wind and other interesting diversions will figure in the night's celebration. All young people of the community are invited to attend.

## If You'll Allow Your Teeth to Rot and Decay Don't Blame the Dentist If He Has to Extract Most of Them

Your best plan is to have your teeth carefully attended to while the work can be successfully performed—before your teeth get past saving.

Dr. Gilbert's corrective service is of the highest standard of efficiency.

Dr. Gilbert's charges are modest for the excellent work performed and the service rendered.

Dr. Gilbert's pay as you can plan is a decided advantage.

Dr. Gilbert's offices are open Monday, Wednesday and Friday evenings.
